Introduction of Anti-Japanese Legislation at This Time Is "Extremely Unfortunate," Lansing Cables the Senate

Author of Bill to Deny Land Leasing Rights in California Threatens to Disregard the Plea and Demand a Vote

SACRAMENTO, April 10.—Introduction of anti-Japanese legislation in the California legislature would be "extremely unfortunate at this time," Robert Lansing, secretary of state, said in a cablegram to the senate received today. The cablegram follows:

"Paris, France, April 8, 1919. To Hon. Jos. A. Beck, Secretary of Senate of Calif. Sacramento, California: Your considerate cablegram in relation to the proposed land legislation in the State of California and in regard to the landing of so-called picture brides has been received. 'I wish to express to you on behalf of the President and myself our appreciation for your informing us of the bills which will be introduced in the State Senate; in view of the present situation in international affairs here in Paris, it would be particularly unfortunate to have these bills introduced or pressed at the present time.'

"There are other problems which would make such action very embarrassing. I sincerely hope that you will inform the Senate of the contents of this cablegram and the earnest plea on the part of the President that no legislation such as that proposed will be introduced or considered at this time.

"Expressing my thanks to you for this opportunity to consider the advisability of legislation affecting our foreign relations, I am with respect,

"Yours very truly,  
"ROBERT LANSING."

Senator Inman, author of a proposed bill to deny Japanese the right to lease agricultural lands in California, said he would demand a vote on the report of the rules committee. He said he would not permit introduction of the measure.

"I intend to force a vote on this, even if I am the only one to vote for the bill," Inman said.

Senator Breed, chairman of the rules committee, said the cablegram was a "vindication of the report of the committee."

POSTPONED ISSUE UNTIL LATE IN DAY.

Inman's decision to demand an immediate vote was reached by Senator Inman in the midst of debate on his demand for a record vote.

Inman stopped the debate by requesting that further consideration of the report be continued until late this afternoon. He said there were "reasons for the request which he could not explain at this time," but that he "particularly desired to have action deferred temporarily."

Inman divided the membership of the senate into three classes in opening his argument for introduction of the bill.

"The first class," he said, "is composed of men big enough, brave enough and bold enough to face this question of Japanese colonization in California."

"The second class is composed of men open to conviction, and it is to this class that I intend to address myself today."

REGRETS ACTION IN ASKING PERMISSION

"The third class is composed of men hidden down upon whom facts would have no effect. I do not intend to address myself to them, because it would be time wasted."

"I will present statistics to show you why this legislation is needed."

## Home Work Is Secondary to Women Educators Say That Clothes Come First Politics in State Federation at Martinez

No Use Figuring Long Dietetic Courses, Say Instructors

BERKELEY, April 10.—Which is the first thought of the modern American woman—her clothes or her household?

"Her clothes every time! Thus a score of women experts in home economics education spelled their opinion of their sex at a meeting yesterday at the University of California as part of the first day's session of the second annual conference for vocational education of the Pacific region.

PLENTY OF TIME TO DESIGN EASTER BONNET

Five consecutive lessons in food saving and menu planning are all the modern housewife, educated or otherwise, will take in a single day, according to Miss Louise Stanley, federal agent for home economics in raising the question yesterday for discussion. The fashioning of an Easter bonnet, according to Miss Stanley, is far more fascinating to the modern woman than to learn what foods she must serve her family to give them the highest nutritive value. Experiences of workers in five states were cited to prove this contention of the chairman.

California women, and Eastern women in particular, are no exception to the general rule, according to Dr. Agnes Fay Morgan of the University of California home economics department, who participated in the meeting.

"We planned three different courses in food values for three distinct types of women, and not any of them lasted through the entire course of twelve lessons," declared Dr. Morgan. "We had to cut them in half."

Consideration of modern woman's weakness for pretty fineries came during a discussion of what subjects should be taught women and girls in the vocational and evening schools. The Smith-Lever department, at least one woman wants to make her life instead of planning meals for her family, she can make hair to her heart's content. Nothing will be forced upon a student, be she young or old, but persuasive measures of education will be used to educate her to the necessity for more serious things in life than the fashioning of hats, according to Miss Stanley's dictum to the assembled workers.

COMPULSORY DOMESTIC TRAINING DENOUNCED

Also, Miss Stanley urged against forcing the "vocational" of home-making upon the willing girl of a girl must make her own living, open up the way for her to advance herself and to earn more money," she urged. "If she is a chocolate dipper, teach her to be a good chocolate dipper, and let her be something better. Then if she wants home-making, give it to her. Don't force anything upon the girl in industry. If in the evening she wants to teach how to dance and sing, let her dance and sing. Gradually she will see the way to other things."

Present methods of teaching home economics in the schools were denounced by Miss Jean Cox, state superintendent of home economics in Utah. Miss Cox declared also that it was necessary to convince school boards and others that a woman's time was worth something and her efforts should not count for naught.

Practically all of yesterday afternoon's discussion was given over to the question of the vocational instruction in vocational subjects provided under the Smith-Lever bill, which will send trained workers into rural communities to teach mother and daughter alike in the elements of home-making as well as giving instruction in other subjects.

In concluding his remarks today Inman said, "I know I am licked."

"The members of this Senate know I am right and that we should take this thing by the throat and throttle it today," Inman said. "Some of you have accused me of doing Democracy. You know better. I am a Republican and I am proud of it."

4222 JAPANESE BORN IN CALIFORNIA IN 1918

"I am going to try to come back here at the next session and I will introduce this bill the very first day. You are not going to be permitted to hide behind an unfortunate situation. I will fight this out to the last and will force it to a vote on the floor of the senate."

Inman's statistics of the number of Japanese children born in California. In 1906 "there were 124 born," he said, "and in 1918 there were 4222."

"The marriages dropped from 705 to 100 in the last year," he said. "The reason is that they do not have to marry."

8 BANK BANDITS STEAL \$45,000; POLICE IN CHASE

ST. LOUIS, April 10.—The Baden Bank of St. Louis was held up by eight bandits and looted of \$45,000 shortly after 10 o'clock this morning.

Two hundred policemen armed with riot guns pursued the bandits in thirty police automobiles. The highwaymen headed west toward Kansas City.

The holdup men lined five employees of the bank against the walls and three men guarded the employees while others looted the bank. Three others acted as lookouts in a waiting automobile outside.

Bank officials fired a volley of shots as the robbers took flight. A patrolman engaged the men in a running revolver battle until he was wounded.

BERKELEY WANTS TO BE CAPITAL OF NATION LEAGUE

BERKELEY, April 10.—In the following cablegram ordered sent today to Paris to the allied peace conference, the city of Berkeley offered itself as a site for the capital of the proposed league of nations:

To the Allied Peace Conference, Paris:

"This city of Berkeley, Cal., educational center of the Pacific slope and geographically located half-way between Europe and Asia, offers facilities for capital of the proposed league of nations."

(Signed) S. C. IRVING, Mayor of Berkeley.

"Berkeley, situated half-way between the scenes of the recent strife, both in Europe and the Far East, is 'neutral' enough to please all countries," declared Mayor Irving today. "We don't consider this offer a joke; it's a serious matter and no more ideal location could be found."

America's Total Casualties 282,348

WASHINGTON, April 10.—Total casualties in the A. E. F. as reported by latest figures were 282,348, the war department announced today. The dead numbered 145,651. Figures include both army and marine corps casualties.

Less than 4000 arms and less were sacrificed by the American expeditionary force on the battlefields of France, the war risk insurance department announced today. One hundred and twenty-five men suffered total blindness, some of whom may regain their sight.

Spain and Britain to Sign New Treaty

MADRID, April 10.—Premier Romanos had a conference today with the British ambassador concerning the convention between Great Britain and Spain, which will be signed tomorrow. England, in this treaty, will permit the importation of Spanish oranges and will ship to Spain 150,000 tons of coal a month. Spain will lend Great Britain 75,000,000 pesetas, the rate of interest being 5 per cent.

Berkeley Woman Not Likely to Find Election Easy

MARTINEZ, Calif., April 10.—Miss Claude Leech, of Walnut Creek, Contra Costa county, was named president of the Alameda District, Federation of Women's Clubs of California, at the district convention here today.

Other officers elected were: Mrs. C. Rogers, Hayward, Alameda county, vice-president; Mrs. W. S. Montgomery, Lockport, Stanislaus county, recording secretary; Mrs. M. F. Spencer, Walnut Creek, and Mrs. Arthur Gott, Alameda, auditors.

An address by Mrs. Annette Adams, United States district attorney in San Francisco, and the selection of the next convention city were the features on the program today.

By GEORGIA GRAVES BORDWELL, MARTINEZ, April 10.—The candidacy of Mrs. Aaron Schloss, of Berkeley, for president of the California Federation of Women's Clubs, thought to be the unanimous wish of California women, met with opposition which will almost disrupt the federation. Politics has broken out and is spreading with the rapidity of the influenza among the clubwomen.

An entering wedge, which threatens to split the California Federation of Women's Clubs in a political fight, was projected into the Alameda district late yesterday in the shape of a letter from the Southern district, stating officially that the south had bolted and would urge Mrs. N. A. Fitzgerald, of Fresno, to run for the presidency of the State Federation, that it would withdraw its support from Mrs. Schloss and give it to Mrs. Fitzgerald.

POLITICS LEADING LIE

According to the latter lies a story of political scheming and intrigue emanating from somewhere south of the Tehachis. The State Federation will meet in May, at Colorado, at the hotel of the Rumanian, where it will be elected. During the past winter gossip has been rife as to who would receive the president's gavel from Mrs. Herbert A. Cable, president of the Federation. Rumor was concerned with only two names—that of Mrs. Schloss, vice-president at large of the federation, and Mrs. Fitzgerald, president of the San Joaquin district.

According to precedent, the presidency should come this year from the north. It is swung from the north to the south with fatality regularity; and Mrs. Cable is a southern woman. San Joaquin district has always been considered as her natural home. During the past few years San Joaquin has grown from babyhood to woman's estate—and has begun to demand woman's right to be heard in meeting. Mrs. Fitzgerald, however, has a place upon the State executive board.

The name of Mrs. Fitzgerald was therefore proposed for State president.

Mrs. Schloss, who as vice-president at large has made many acquaintances throughout the State, was mentioned with recurrent frequency as a proposed candidate not only in the north but throughout the south.

Mrs. Schloss, who as all clubwomen know, is an advocate of peace—was honor-bound to accept the nomination for presidency, would not even consider it, as long as Mrs. Fitzgerald's name was being considered. Mrs. Schloss declared that she was not a politician, that she did not desire to enter any political fight, and not until San Joaquin declared that it would be wholly content with a lesser place upon the State board, did Mrs. Schloss allow her name to be proposed.

The Twenty Century Club of Berkeley, her home club, Mrs. Fitzgerald announced her candidacy for State treasurer, and all agreed well with the federation for the south let it be known that as long as Mrs. Fitzgerald of San Joaquin district did not desire the office, it would vote solidly for Mrs. Schloss.

The news of this bolting of the south was a staggering blow to Alameda district, coming as it did five minutes after the district had endorsed Mrs. Schloss. Such words as "disloyalty" and "disunity" were freely bandied about the convention hall. Whether Mrs. Fitzgerald will listen to the pleadings of the southern clubwomen has not been made known as yet.

While Mrs. Schloss sits tight, looks very handsome, very dignified and says nothing.

SECOND CLOUD APPEARS

Following the latter from the south by a few minutes came a telegram from Mrs. C. L. Donohoe, of Wilcox, president of the Northern district, stating that the information

## 167 KILLED, 300 INJURED IN TORNADO

Storm Wrecks Many Towns, Leaving Trail of Death in Texas, Oklahoma and Arkansas; Relief Organized

California Trains Tied Up by Snowstorm; Property Damage Is High; Most Victims Were Sleeping When Killed

DALLAS, Texas, April 10.—Latest figures available today placed the number of killed by the tornado which swept Northern Texas, Southern Oklahoma, and Arkansas, at 167, with the list of injured expected to reach 300.

Reports from communities show the following killed:

In Texas—Ector, 3; Canam, 5; Minneola, 10; Canton, 10; Mulberry, 7; Wintersburg, 15; Newsome, 8; Alma, 2; Dennison, 6; Greenville, 17; Goldsboro, 5; Pampa, 5; Dalhart, 2; Comstock, 2; Conover, 2; Oak Grove, 5; Eastlake, 1; Pleasant Grove, 6; Tundra, 8; San Angelo, 1; Wood county, 4; Teaharney, 1; Ravenna, 18.

In Oklahoma—Nowata, 1; Walker, 12; Pontotoc, 4; Walters, 1; Arkansas—Ogden, 5; Missouri—1.

MANY PLACES CUT OFF BY STORM.

Many points in the three states have been completely cut off from the outside world since Tuesday night and until word is received from these places accurate estimates of the number killed and injured and property damage are unavailable.

According to reports reaching here early today several towns in Southern Oklahoma were wiped out. In that section of the state the tornado is said to have cut a path two miles wide through two counties. With communication with this section of Oklahoma is demoralized.

Relief parties are being organized and are preparing to leave in the scenes of destruction. In automobiles, as railway traffic has been disrupted. Hundreds of families are reported destitute.

At McAlester, Texas, Mrs. Iris White, niece of the mayor, and three negroes are reported to have been killed when Mrs. White's home was destroyed.

At Canton, Texas, Herbert Burns and his four children are reported killed. Grover Atwood, his wife and two sons were killed at Canam, Texas. Mrs. S. J. Austin, Mrs. A. Austin and baby were killed at Wintersburg.

One man is reported killed and three probably fatally injured when their automobile was blown down a steep embankment five miles from St. Louis.

The oil fields of Wichita county, Texas, and of Southern Oklahoma are reported to have lost thousands of dollars' worth of property in wrecked derricks and machinery.

The hour at which the storm struck probably caused the high death toll. Many of the houses contained sleeping people. In most cases the first occupants heard of the storm was when the walls crashed down upon their heads. The storm did not last more than an hour after the first signs appeared, leaving wrecked houses, orchards and forests.

A plea for help from the storm area has been received here by Mayor Frank W. Wozencraft, of R. C. May, mayor of Leonard, and 50 cents and a quantity of supplies were rushed to that town at once.

Violent Fighting Rages Near Border in Czech Campaign Against Bolsheviks; Russia and Bavaria Join Hands

Munich Soviet Republic Meets Resistance From North Part of Country; Berlin in Fear of Plot to Start Uprisings

LEASING WIRE TO TRIBUNE

LONDON, April 10.—Proclamation of a soviet republic in Salzburg, Germany, Austria, was reported in an Amsterdam despatch today to the Central News. Salzburg is near the Bavarian border.

Violent fighting has taken place between Hungarian Bolsheviks and Czechs at Ungvár, near the Moravian-Hungarian border, says a Central News despatch from Amsterdam today. One hundred and fifty Hungarians were killed. The Czechs also had considerable losses.

Recent despatches have told of the approach of the Czech army toward Hungary in the campaign against the allies against the Bolshevik regime in Hungary.

NORTH BAVARIA IS BEING OCCUPIED BY BOLSHEVIKS.

LEASING WIRE TO TRIBUNE

COPENHAGEN, April 10.—Despatches from Kissingen report that the Czechs and officials of the Czech army have been ordered to march against the Bavarian soviet republic and that the town now is in the hands of government troops. Heavy fighting occurred when government troops stormed the royal palace and captured the railway station, but the fortress of Marienberg, across the Main river from Wuezburg, was handed over without opposition.

Most of the Bavarian leaders are reported to have been arrested, but railway communication with the city has been interrupted.

RAVARIANS ESTABLISH RELATIONS WITH RUSSIA.

BERLIN, Wednesday, April 9.—(By the Associated Press.)—Diplomatic relations have been established between the Russian and Bavarian governments, according to the Zwicklblatt.

As late as April 8 the Russian soviet government had not got into touch with the Bavarian soviet government, but the establishment of relations between the two governments is a step toward the realization of the Russian plan, it is said, to provoke a revolution to pursue a policy of "peace with honor."

Four Important Peace Questions Are Disposed of

The situation in Paris has changed almost overnight from one of deepest gloom to the greatest optimism. Four important questions—reparations, responsibility for the war, Fiume and the Saar valley—apparently have been disposed of. As reflected by representatives of the three chief powers, the situation today was as follows:

United States—The sudden haste on the part of the "big four" has made possible signing of peace by the last of April or the first of May.

Great Britain—Lloyd George, while bearing in mind his election campaign pledges, is disposed toward effecting a compromise whenever necessary to maintain the present rapid pace, and is determined to maintain permanent friendly relations with America above everything else.

France—France has reduced its claims to the minimum consistent with Wilson's fourteen points and will now "stick by her guns."

Recent reports said the allies would establish a new "eastern front" against the Bolsheviks by bringing about co-operation of the Rumanian, Czechoslovak and Polish armies. These armies were to be officered, equipped and organized by the allies.

U. S. BOYS BALK IN RUSSIA, BUT DO NOT MUTINY

ARCHANGEL, Wednesday, April 9.—(By the Associated Press.)—A company of American troops recently showed some hesitation in returning to the fighting front south of Archangel, declaring that the war with Germany was over and that the United States was not at war with the Bolsheviks.

The regimental commander, in a speech, said that they were fighting a desperate defensive battle and appealed to them to stick it out. The company then left for the front.

By ASSOCIATED PRESS, LEASING WIRE TO TRIBUNE

WASHINGTON, April 10.—An official report to the war department contains about the same facts as the Associated Press despatches on the unwillingness of an American company to return to the firing line until appealed to by its commander.

PARIS, April 10.—The allies in Southern Russia have evacuated Percep peninsula, opening Crimea to the Bolsheviks. Fortifications are being erected at Sebastopol. Percep peninsula separates the gulf of Percep, an indentation of the Black Sea, from the Sea of Azov.

Board Says Rates Not Unreasonable

WASHINGTON, April 10.—The rate structure, affecting traffic between Chicago, Mississippi river and destination points, was partly upheld in a decision by the Interstate Commerce Commission today.

### BRITISH ARE AUTHORIZED TO SIGN PACT

Americans Oppose Plans to Submit Proposed Terms to Germans Before They Are Presented at Plenary Meet

France's Claims Are Reduced to Minimum, Conforming With Wilson's 14 Points—Secret Pacts in Abeyance

BULLETIN.

PARIS, April 10.—The supreme economic council today advised a resolution on the continuation of the peace conference during the last 24 hours, according to a private message received here today.

This message, adding that the President's physical condition continues to improve, that he took his first drive yesterday since his illness and that by the power of his "personal force" he is making gratifying headway, markedly increased optimism in official circles here today.

PARIS, April 10.—The British peace envoys today received royal warrant empowering them to sign the peace treaty. This indicates that the negotiations are rapidly approaching their conclusion.

By WILLIAM PHILIP SIMMS, United Press Staff Correspondent.

PARIS, April 10.—France's claims have been reduced to a rock-bottom minimum. The fourteen points with President Wilson's fourteen points, it was stated on the best authority today.

So far as the peace conference is concerned, Premier Clemenceau and the other French delegates can only stick to their guns and wait, persons close to the conference officials said. They are not asking anything of an inch of ground, it was pointed out, but merely demanding reparation for war damages and sufficient indemnities.

By FRED S. FERGUSON, United Press Staff Correspondent.

PARIS, April 10.—Although agreement has been reached on reparations and responsibility for the war, the peace conference is not yet out of the woods regarding the secret treaties entered into by the allies before the American intervention, it was learned today from an authoritative source.

British insistence that the conference be agreed on the principal points of the treaty, and that the details be settled, means in one sense that a showdown on the London secret treaty is yet to come.

"I said I would demand my constitutional right to introduce the bill," Inman answered.

"Senator Inman, I am reading from a typewritten report of your speech at that time," Breed replied.

# JAPAN SENDS ARMY TO STOP SIBERIA CHAOS

BEIJING, April 10 (By the Associated Press).—More than 10,000 Japanese troops are being sent to Siberia to stop the chaos in the vicinity of Seoul on March 27, according to the Korean Daily News, copies of which have arrived here. It is said the Japanese soldiers attacked the crowds with guns, swords and bayonets and that many Koreans were killed.

TOKYO, April 10.—Japan was asked to send 6000 troops into Siberia but sent a force twenty times that number.

When General Tanaka, minister of war, admitted in the diet that Japan had maintained 150,000 men in the Siberian army up until the recent withdrawal, he opened the way for a steady flow of insistent queries.

The subject came up when the government asked for an appropriation of 340,000,000 yen for rewards for 150,000 naval and military men who had been called out.

**SAYS JAPAN THREATENED.**

Explaining Japan's Siberian policy, General Tanaka said:

"Inasmuch as the chaos in Siberia, if allowed to go unchecked would spread to Manchuria, and the safety of Japan be threatened, it is necessary that Japan with the allies should pay attention to the preservation of order in Siberia."

"It is true that the Bolsheviks are a political party, but if they obstruct Japan's efforts to maintain order and set up armed resistance, there is no alternative but to fight and disperse them. The Japanese troops in Siberia are moving on this principle."

The general admitted that the original strength agreed upon for Japan in Siberia was 6000, but said since that time "the number has been gradually increased as the necessity arose."

**ENDS OF CLEMENCY.**

Ends of April 1 in Seoul, capital of Korea, are taken here as evidence that the Japanese government has no intention of following the counsel of moderates here who advocate ending the Korean trouble with a gesture of clemency.

On that date wholesale arrests of Korean shopkeepers were made when they refused, despite repeated orders, to re-open their shops and end the demonstration of "passive resistance" in their attempt to win independence from Japan.

**IN OTHER KOREAN CITIES.**

Taishan, Tashan and Juha, troops fired on "rioters" killing and wounding more than thirty.

**URGENT KOREANS' RELEASE.**

Among those urging moderation is the Japan Advertiser, a strong newspaper printed in English. It advised the release of six thousand Koreans who were arrested following the revolutionary demonstration.

"The narrowing down of the Korean agitation to a demand for the release of the six thousand prisoners to end the movement with a gesture of clemency," says the Advertiser.

"It is not in the nature of things that 'passive resistance' should last. Its failure is inevitable, not only because the unhappy and degraded lot of Koreans in pre-Japanese days has given them little chance of acquiring the moral qualities necessary for the success of such a movement, but because the closing of Korean shops merely injures Koreans."

# Politics Breaks Harmony of Federation of Women's Clubs; Berkeley Candidate Opposed

(Continued From Page 1)

that the Northern district had endorsed Mrs. Bradford Woodbridge, of Tonsville, for vice-president of the State Federation was incorrect, but that it had endorsed Mrs. George W. Chappell, of Sacramento, its returning president, for that office, and asked the Alameda district to do likewise.

Mrs. Woodbridge is in attendance at this convention, for the purpose of announcing her candidacy for vice-president of the State Federation. She is a widely known, exceedingly popular woman, and it is generally thought that her presence at the convention, and her interesting personality, will entirely overcome any official action of another district, and that Alameda district will endorse her candidate.

In view of the fact that Mrs. Chappell will stand for the vice-presidency only in case Mrs. Fitzgerald stands for the presidency complicates the scrap.

**OFFICERS FOR COMING YEAR.**

The officers for the coming year, as recommended by the nominating committee of Alameda district, will be:

President—Mrs. Claude Leech, of Walnut Creek.

Vice-president—Mrs. R. R. Rodgers, of Hayward.

Recording secretary—Mrs. W. S. Montgomery, of Lockport.

Corresponding secretary—Mrs. M. F. Spencer, of Walnut Creek.

Treasurer—Mrs. George Preston, of Oakland.

Auditors—Mrs. D. K. Single, of Stockton; Mrs. Arthur Gott, of Alameda.

The question of county organization was discussed fully by club presidents this morning. The consensus of opinion appeared to be that it would be an efficient way of creating a new interest in club life among women. The presidents of rural clubs urged it, and Mrs. Herbert A. Cable, State president, spoke in favor of it. The federation does not provide any official formation of such units—all county units which have been formed are unofficial.

Mrs. Cable expressed herself as favoring changing the district federation organization to include county units.

Other speakers today included H. B. Wilson, of Berkeley, on education; Dr. Susan J. Peniston, on public health; Miss Anna L. Burdick, special agent for girls and women in industrial education for the federal board for vocational education; Mrs. H. F. Jackson, education; Mrs. Edward D. Knight, War Savings Stamps for 1919.

The afternoon's program was followed by an elaborate tea, given in honor of Mrs. Herbert A. Cable and Mrs. Katherine Smith by the Carquinez Women's Club of Crockett.

**"Men Cannot Earn Enough For Home"**

That America's motherhood stands in danger of destruction unless industrial conditions are changed is the declaration of Miss Anna L. Burdick, special agent for girls and women in industrial education for the federal board for vocational education, in speaking at the second annual conference for vocational education now in session at the University of California.

"One out of every four married women is forced to work in order to help support the family," declared Miss Burdick in addressing a half-hundred or more delegates from five states assembled in Berkeley. "They must enter industry because the man of the family is not getting enough to support them and their children. And these are the women who are our mothers. They are our hope of the future because all of them have large families and form the very backbone of our national life."

**ASKS SQUARE DEAL FOR WORKING WOMAN.**

In 1914, Miss Burdick pointed out, nine-tenths of the men in industry were earning less than \$1000 per year. While these conditions are changed somewhat now, she declared that other reforms are necessary to protect future generations.

Mrs. Burdick pleads for a "square deal" for the woman in industry. "The woman has made great gains in working in various occupations; they must be made the same for the woman doing the same work," she declared.

**LABOR IS BEHIND VOCATIONAL TRAINING.**

That organized labor stands unitedly behind vocational education was the message from the workers of the country to the conference as voiced by Arthur E. Holder, representative of labor on the federal board for vocational education, and for fifteen years on the legislative committee of the American Federation of Labor.

Organized labor was the creator of the public school system of the United States," Holder declared. "It has protected the public school since its creation. It has fostered the care of the child and has worked in harmony and cooperation with the teachers and will continue in its efforts to benefit society in general."

**"On vocational education the hopes of civilization now rests and in the fostering of vocational education organized labor took its stand a decade ago."**

**FEDERAL AND STATE COOPERATION TOLD.**

Progress in vocational education as promoted by federal and state cooperation was related to the delegates yesterday by Layton S. Hawkins, chief of the vocational division of the federal board of vocational education, while Professor R. J. Leonard, of the University of California, took the place of Will Wood, state superintendent of schools, on the program of yesterday's opening session. Stanley B. Wood, chairman of the vocational education committee of the California state board of education, presided at yesterday's session, while Miss Ethel E. Redfield, state superintendent of schools, presided at the opening session.

# SAYS RUSSIA STARVED TO BOLSHEVISM

OMSK, Siberia, Feb. 12.—(Correspondence of the Associated Press).—Excluding adventures have fallen to the lot of Mrs. Carl C. Compton of Chicago, who, with American women, has been in many months of humanitarian relief work among the Armenians and later during the Bolshevik revolution. They had never left Illinois before coming to the Caucasus for the committee on Armenian relief. Now Compton is in charge of the American Young Men's Christian association work at Omsk.

Compton said he had never seen any Bolshevik atrocities, but he had seen proclamations issued by the Bolsheviks declaring they would butcher the people if they captured the city. He said that once a Bolshevik broke into an American's room but had immediately apologized, adding that America was the only friend he had.

**STARVED INTO IT.**

Compton said that Russian officers told him nine-tenths of the people became Bolshevik because they didn't have enough to live on, and because they thought anything would be better than their present condition.

They were first stationed at Alexandropol, Caucasus, then in the hands of the Russians, and were occupied with industrial relief work. Positions were found for refugees as they arrived, fleeing from Turkey. They estimate that they and other members of the corps distributed clothing for 15,000 Armenian orphans, whose parents had been massacred by the Turks. Help was furnished to about 60,000 refugees.

**REVOLUTION BREAKS.**

Then, suddenly, the Russian revolution developed. The Bolsheviks have abandoned the front and the Turkish army advanced. It was feared that the Germans would come down the Black Sea and seize the line from Batumi to Tiflis. The American consul advised all the Americans to leave at once, and a special train conveying sixty foreigners finally arrived at Baku on the Caspian Sea. There they were caught in a battle between the Bolsheviks and the Turkish army on one side and the British on the other.

The street in which they lived was dominated by Tartars who sprayed the roadway with machine-gun bullets. For three days they did not dare leave the house and had only bread to live on. Eventually, by paying a high price, they were able to charter a special steamer for Astrakhan, which is situated at the mouth of the Volga. "We had to sleep on the deck throughout the whole trip," said Mrs. Compton.

The crew and the families of the crew slept in the cabins, and refused to leave the ship.

**STARVED SOVIET KITCHEN.**

"We waited for two weeks for the ice to break up in the Volga and then we went up to Samara. The others went on to Vladivostok. The Bolsheviks were in possession of Samara then, but we were able to carry on general relief. Thousands of refugees came through and we started a soup kitchen at the station. Later, military and general hospitals were organized."

"We had rather an exciting time at Samara when the Czechs came in. We lived not far from the river between the Bolshevik barracks and the principal Bolshevik club of the city. The place drew most of the Czech soldiers from the Czech army. Bullets came through our windows and our room became filled with brick bats from the exploding shells. The Bolshevik soldiers lay on top of the club roof and fired down on the Czech soldiers, so we had a very good view of the fighting. From my window I could have touched the Bolshevik troops with my hand."

**CATCHES DELIVERERS.**

"We were awfully glad to get down into the cellar. There was a slit in the wall and we could see the end of the battle. Finally we heard the Czechs charging, and saw people running from the houses, making the sign of the cross. The Czechs had won. Everybody put on their best clothes and paraded in the streets with bands. Collections were taken up for the Czechs who were hailed as heroes and deliverers."

"When the Bolsheviks had the city we would see them lying in the streets. They were always chewing sunflower seeds."

**Food Supply License by State Urged**

SACRAMENTO, APRIL 10.—That the State Railroad Commission be immediately placed at the head of a licensing system to control the distribution of all food supplies in California is recommended by the legislative food probe report filed in the senate today. A thorough investigation of the food supply situation was urged and a more complete program of legislation to cure the evils uncovered by the committee is suggested for the next legislature.

Distributors of milk, fruit and vegetable commission, merchants, wholesale dealers in eggs, manufacturers of bread and cold storage warehouse operators should be placed under state license immediately, the committee reported.

The legislation should declare willful destruction or hoarding of foodstuffs for the purpose of maintaining price levels to be a crime, and willful tampering in foodstuffs should be eliminated through prohibiting the sale of such products among others in the same class, the report said.

# FOSS PLEADS AGAINST CUT OF \$1000 YR.

"The people of Alameda county made a contract with me by electing me to pay me a salary of \$6000 a year. I think they should be allowed to fill their contract."

So declared County Treasurer F. W. Foss last evening before the Alameda county delegation at Sacramento, in a spirited appeal to the senators and assemblymen from this district to refrain from lopping \$1000 off his salary. Foss told of the heavy work in his office, said that there had not been an increase in the office force in twelve years, and that even in his campaign "he had always said the treasurer's office was the best regulated in the county."

"You are getting more than the tax collector or the auditor," said Assemblyman Leon Gray.

"But they get fees," said Foss. "That brings up their salaries."

"Well, they won't when prohibition goes in," said Gray.

"I'm not complaining, but only talking about what's fair," said Foss. "Well, the state treasurer only gets \$5000," said Gray.

No action was taken on Foss' appeal, which followed the recommendation several days ago by the local legislators that \$1000 be lopped from his pay.

**I. W. W. LEADER IS GIVEN 3 MONTHS**

SAN FRANCISCO, April 10.—Edward Moffitt, organizer for the local I. W. W. chapter here, with headquarters at 1133 Mission street, was sentenced to three months in jail by Police Judge P. L. Fitzpatrick this morning on a vagrancy charge. James Malley and Mathew Barr, arrested with Moffitt at the Mission street address by Detectives William O'Brien and Emmet Moore of the police neutrality squad, were given suspended sentences of six months each.

Moffitt has been arrested six times on a similar charge since January, 1918, and has heretofore been released or given a small fine.

The following reference to Moffitt, who is alleged by Detective Sergeant O'Brien to be a dangerous I. W. W. direct actionist, was contained in a letter written by Mrs. Leona D. Esmond to her husband, Frederick Esmond, who was convicted in the Sacramento I. W. W. trial and probably referred to the previous arrest of Moffitt.

"Moffitt did not get held. The judge dismissed the case the next day. He will get it pretty soon if he does not get out. We can't put him in jail much longer. He does have an awful objection to work."

# CAFE ENTERTAINER ROBBERY SUSPECT

Evidence that may result in the revocation of the license of the Waldorf cafe, 822 Washington, was presented today by Patrolman Steve Connolly in connection with the arrest of Mary Campbell. The Campbell woman, an entertainer in the cafe, was held to answer to the superior court on a charge of robbery by Police Judge Mortimer Smith this morning.

Connolly said that when he arrested the woman she was very drunk and was seated at a table in the cafe where more liquor was being served her. The cafe, he says, has a bad reputation and has been accustomed to serve liquor to drunken persons. He has presented his evidence in the Campbell case to the chief of police.

The Campbell woman, it is alleged, took a whole lot of money from Carl Leonard, 916 West street, while they were drinking together. The woman was held to answer upon evidence gathered by inspectors Robinson and Flynn.

# Mexican Arrested on Bootleg Charge

FORT MORGAN, Colo., April 10.—Sheriff Morse and his deputy recently attended a dance at Orchard, thinking they might discover bootleggers. They left their car a short distance from the dance hall and kept watch. It was not long until a Mexican started to sell bootleg at \$5 a pint right alongside the sheriff's car. After the Mexican had made several sales they arrested him.

# Quarrel Over Penny Costs Fifty Dollars

John Tate's difficulty about an alleged overcharge of one cent was settled by Police Judge Samuel this morning. Tate said he was satisfied when the judge ordered him to pay a fine of \$50 or spend 25 days in jail. Tate paid the fine.

Tate, while buying fish at a Chinese butcher shop, alleged he was charged one cent too much. The quarrel that followed he is alleged to have cut John Piver, a driver for the butcher shop, with a knife. Tate was first charged with assault with a deadly weapon, but following the hearing, was allowed to plead guilty to the reduced charge of battery.

# Lead Pipe Is Stolen From Vacant House

Gas fixtures and lead were stolen from a vacant house owned by Mrs. Florence A. Husebuer, 2637 Shattuck avenue, she reported to the police today. The vacant house was at 2500 East Fourteenth street.

Mrs. Mary Kruger, 3516 Lincoln avenue, reports a gold watch worth \$30 stolen from her home when some one entered it with a pass key at night.

# 48-Hour Week for Silk Mill Workers

WASHINGTON, April 10.—Silk workers of the metropolitan district, which has Paterson, N. J., as its center, were today awarded a 48-hour working week by the national war labor board. The men, who are now working 50 hours, had asked for a 45-hour week. The employers, in the board's order, are directed to arrange the working hours under the new schedule so that the Saturday half holiday will be continued. The award affects 480 mills.

# Self-Defense Plea Clears Montesino

MARTINEZ, April 10.—Angelo Montesino was acquitted by a jury here last night of the charge of murdering Albert Ober, who was stabbed to death in a saloon in Richmond about a month and a half ago. It was alleged that Montesino used slurring remarks in regard to a woman friend if Ober's. Ober resented it and is alleged to have attacked Montesino, and the killing took place while Montesino was defending himself. Ober was stabbed eleven times. The jury held that it was a case of self-defense and justifiable.

# Poison Gas to Be Turned on Insects

PARIS, April 10.—Poison gas that worked such havoc during the war will be utilized for a very far different and beneficent purpose in the future. It is said, in scientific circles. Gabriel Bertrand of the Pasteur Institute informed the Academy of Sciences today that he had discovered a method by which such gas might be supplied for destruction of caterpillars and injurious larva which had worked destruction on tree growths in the country districts during the past few years.

# Supreme Court Acts to Imprison Debs

WASHINGTON, April 10.—Formal papers for the arrest and imprisonment of Eugene V. Debs, convicted under the espionage act, were sent out today by the Supreme Court. The papers were sent at the request of Solicitor General King. They will go to the district attorney for the northern district of Ohio.

## "BABY TANK" WILL AID IN DRIVE HERE

The famous American "Baby Tank" will be a part of the Oakland drive for the Fifth or Victory Liberty Loan, was the announcement made by Chairman William Cavalier following a conference with Cary L. Hill, in charge of the tanks for the Northern District of California.

The brothers and sisters of this tank were more feared by the Hun than the giants which carried the flag of Great Britain. Their speed, mobility and the utter fearlessness with which the crews carried their "Great em rough" slogan into action, brought terror to the occupants of German machine gun nests.

Wholesale desertions followed the appearance of these armored baby cutters before a Prussian trench, as they were invulnerable to machine gun and rifle fire, while their own deadly Lewis guns served notice "git or be gotten."

## VENUS IN BATH, LIQUOR, TOO, ARE FOUND IN RAID

PORTLAND, Ore., April 10.—Bathrooms Venues with less covering on their lovely forms than the work of Eve after Adam chewed a chunk out of the apple she handed him, completely foiled Lieutenant Thatcher and Sergeant Van Overman of the Portland police when they searched a house on Twenty-fourth street for liquor.

"This house is the home of a bootlegger," were guarded reports which came to the station. Lieutenant Thatcher and a squad of iron-handed sleuths leaped at the job and after procuring a search warrant sought the liquor. "Don't go in the bathroom," said the woman of the house. "My two daughters are taking a bath."

"Old stuff," we know about that kind of bunk," said Lieutenant Thatcher. "Show me," and he left his trusty band in the parlor while he demanded that the bathroom be opened.

"Yes," he whispered. When he rejoined his men. "They are taking a bath."

Sergeant Van Buren, who peered through a curtain at Thatcher during his investigation, said that he saw the lieutenant open the door about an inch, take one squint, then slam it.

"His face was awful red," he said. After the police had cooled their heels and played three records on the phonograph they entered the bathroom.

The Venuses had vanished, but from the bath tub came powerful odors, left by real drinking liquor that had disappeared down the drain-pipe.

## HERTZ WINNER IN COMMISSION SUIT

SAN FRANCISCO, April 10.—Alfred Hertz, director of the San Francisco Symphony Orchestra, who was sued by Mrs. Herman Lewis of New York for \$300, alleged to be due her as a commission for having been responsible for obtaining Hertz's position in this city, came out victorious yesterday when Superior Judge George E. Shurtzoff decided in favor of the defendant without leaving the bench.

The court held that no evidence had been presented to prove that Mrs. Lewis, through her booking agency, had brought Hertz and the San Francisco municipal board of governors together with the result that he obtained the position. Hertz testified he had employed Mrs. Lewis in New York to do some publicity work for him. After coming to San Francisco he had sent her \$100, and he considered that sum as full compensation for what she had done. He said there had been no agreement by which he was to pay her \$1000 as a 10 per cent commission on his salary of \$10,000 for his first season here.

POET ON TRIAL. Walter J. Norton, poet, philosopher, and vaudeville actor, went on trial today before Judge T. W. Harris on a charge of stealing a watch and chain and \$2 from Alfred Saton, January 25. Norton has a record of four convictions and terms in prison, while he wrote volumes of verse, much of which appeared in prison publications.

## AUTO KILLS MAN AT SAN JOSE CROSSING

SAN JOSE, April 10.—Jenny, who is believed to be a Menlo Park watchmaker, was knocked down and killed last night by an automobile driven by J. Miller of 327 Newhall street, and occupied by G. and S. Rosenberg and Miss Rose Rosenberg. Miller was arrested and is held pending the outcome of the coroner's inquest.

The accident was witnessed by R. B. Sargent of 331 North Sixth street. He took charge of the machine and drove the body to a hospital, and then notified the sheriff and the coroner.

The district attorney's office and the coroner's office are holding the body for autopsy, which occurred at Sixth and Julian streets. It is said that Jenny was crossing diagonally at the corner, and that Miller also cut the corner in violation of the traffic law.

## SEARCH FOR MAN WITH \$33,000

Search for a man in the uniform of a French private who carries a small box containing \$33,000 is being made by the police after his disappearance from the San Francisco Y. M. C. A. where he slept last night.

He was found in the Southern Pacific waiting room at the Ferry building Tuesday night in a dazed condition. He had been there for hours, when information Clerk Schutte asked him for whom he was waiting. He looked up and said:

"I have money here. Much money. I want to buy tickets to Siberia for my comrades." Then he stopped. Schutte addressed him again, this time in French.

Then the man opened the box which he carried and showed the official \$33,000. Fearing that he might come to harm, the railway clerks had him put in a taxi cab and taken to the Y. M. C. A. for the night. He left early in the morning.

Consul General Julian Neitner of France said: "I am afraid that he is the same fellow who asked me for help saying that he had gone to the army leaving a wife and five children in this city and had been unable to find them on his return. He told me his name was Mathieu."

## Bail of Gamblers Reduced, Forfeited

The bail of sixty-seven negroes, who were arrested in a gambling raid in a saloon at 1722 Seventh street, was reduced from \$100 each to \$10 each and declared forfeited by Police Judge Samuels this morning.

The saloon was raided following reports that negroes had been exercising influence with higher-ups in the police department. The police gathered evidence which they say, showed it was one of the worst gambling resorts in town.

## "Marrying Parson's" Case Is Postponed

Rev. John H. Pierce, held on charges of battery and disturbing the peace, was given until Saturday to plead when his case was called before Police Judge Smith this morning. Pierce is known as "the marrying parson." He was arrested on complaints sworn to by Gertrude Klenk, who says he forcibly ejected her from his office following a disagreement over a key. He is at liberty on \$55 bail.

## Cash Register and Safe Are Robbed

Thieves broke into the downtown office last night, breaking one safe, according to this morning's police report. The office of the Pacific Insurance Co. at 224 Broadway street, entered and \$20 obtained from the cash register. Opening the safe at the Key-Stone garage, 224 Broadway street, the thieves, believed to be the same who robbed the other office, obtained \$50 in metal bars and other valuables from the yard of the American Iron and Metal Co. at 224 Third street, stealing 125 pounds of bars.

## WHOLE FAMILY HELPED, STATES MRS. RICHARDS

Practical Nurse Says Tanlac Relieved Husband, Self and 5 Children

"When a medicine does what Tanlac has for my family I think it's a good thing to keep on hand," said Mrs. Lora Richards, residing at 1941 Leland street, Los Angeles, while in the Owl Drug Store recently. Mrs. Richards was at one time a practical nurse and her husband, coming as it does from one of experience in relieving suffering, will be of wide interest.

"My husband, myself and our five children had all been ailing for quite a while," she continued, "and since then the Tanlac treatment are all like new people."

"In the first place, Mr. Richards had been troubled for twenty-three years with a very bad stomach. He could eat nothing but what would form gas, cause nausea and vomit. He had no appetite and could not retain anything. He was very thin and suffered so much that he was about to give up. We tried every kind of treatment with him without results and his case seemed to be hopeless."

"He started on Tanlac as a last resort and very much to our surprise and delight, he soon got to be the most robust of men. He sleeps well now and has improved so much in every way that he looks like a different man. We tried every old daughter had suffered from rheumatism or neuritis, for three years. She also had a series of pleurisy attacks the winter which left her in a very badly run-down condition. I gave her Tanlac and you could see how it has improved it would astonish you. She is stout and healthy, has rosy cheeks and her nerves are perfect. In fact, she is now in splendid condition. The other children, all of whom were in a run-down condition, have been built up wonderfully by Tanlac, and it has also helped me to overcome headaches from which I had been suffering for a long time. Tanlac is the greatest medicine I have ever found and I believe it will help anyone who has stomach trouble, or who is in a run-down condition from any cause."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores.—Advertisement.

## ART ASSOCIATION AWARDS ARE MADE

The jury's awards at the Forty-third Annual Exhibition of the San Francisco Art Association was announced yesterday afternoon, whereby first honors were given to the painting, "On the Channel," by Emanuel Walter. The purchase prize for the best oil painting, automatically the canvas becomes the property of the Art Association.

Helen Phipps of Whittier, California, won the silver medal for oil painting on her figure group, "The Orphan."

Henry Varnum Poor, one of the leaders in the ultra-modernist movement among the California group of painters, drew down the silver medal for his lithograph, "Metz Bridge," one of a strong group sent on from France, where he has been in the service. He has a short time before, had the honor of having the portrait of Gattardo Piazzi, on view at the current exhibition, purchased by the Emanuel Walter fund, becoming a part of the people's permanent exhibition that shall repose in the Palace of Fine Arts.

The exhibition continues until May 4.

The jury of awards was made up of Ralph Stackpole, Anne M. Bremer, Armin C. Hansen, Clark Hobart and Gertrude Parlington Albright, all hors concours. Clark Hobart, however, but a short time before, had the honor of having the portrait of Gattardo Piazzi, on view at the current exhibition, purchased by the Emanuel Walter fund, becoming a part of the people's permanent exhibition that shall repose in the Palace of Fine Arts.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Have you ever stopped to reason why it is that so many products that are advertised and sold all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies especially to medicine.

A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and have never had a recommendation for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that many people claim that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by enclosing a postcard addressed Dr. Kilmer & Co., P.O. Box 518, New York, N. Y., and enclosing ten cents; also mentioning the name of this Tribune. Large and medium size bottles for sale at all drug stores.—Advertisement.

Careless Use of Soap Spoils the Hair

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifunctional coconut oil (which is pure and greaseless), and is better than the most expensive soap or shampoo. Every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright lustrous, fluffy and easy to manage.

You can get multifunctional coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

## NEW EVIDENCE IN CITY GRAFT PROBE

LOS ANGELES, Cal., April 10.—The investigation of alleged municipal graft in Los Angeles is expected to enter a new stage today with a reconvening of the grand jury.

Mysterious and apparently sudden sorties by district attorney's detectives and other connected with the probe late yesterday caused apparently well-founded reports that new and important evidence had been uncovered.

At the same time the district attorney's office declared that George Henderson, negro politician prominently connected with the investigation, cannot be found. It was denied that Henderson had confessed.

## Irish Freedom Fund Chapter Will Meet

The Oakland Chapter of the fund for Irish freedom, organized Tuesday night, will hold its first meeting in the Knights of Columbus Hall, 660 Thirteenth street, tonight. Judge William H. Donahue, president, will preside. The other officers include W. J. Kieferdorf, financial secretary, and Leo McCarthy, recording secretary.

The fund is a national organization in its scope. Its purpose is to raise \$1,500,000 in the United States to spread the truth of the conditions in Ireland through a gigantic campaign of educational publicity. California's quota is \$50,000.

A mass-meeting will be held in the Civic Auditorium in San Francisco Saturday night, the principal speakers including Judge Donahue, Congressman John L. Nolan and W. H. McCarthy. The local branch will receive subscriptions at the Bank of Italy, Eleventh and Broadway.

## Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher.

GENUINE Castoria always bears the signature of *Chas. H. Fletcher*.

## Women, Help Him Fight the Drink Disease with ORRINE!

Do it today! Don't wait until July 1, thinking he'll quit voluntarily! He won't—he probably will search for some substitute more dangerous than drink itself!

Give him ORRINE—secretly—in his food and beverages. It will help him as it has helped thousands of drink-maddened men and women for twenty years. Long before Prohibition comes, he'll be freed from the terrible drink appetite.

Drink IS a disease that must be treated! Start giving him ORRINE treatment at once! Don't put it off a minute!

## Colonel Thaw to Be Among Aces to Perform With Aerial "Circus"

Plans for the visit of America's crack airmen to Oakland next Saturday afternoon, the seventeen flyers and their machines which comprise the "Flying Circus" of the Victory Loan, were completed today when Oakland's own "Ace," Major Kenneth Marr and Publicity Director C. A. Farnsworth made the final arrangements.

The Oakland program may be subject to some slight changes as to time of arrival. The present plan calls for a departure from the Tanforan flying field at 2 p. m., across the bay in pursuit formation, arriving over the city hall about 3:15.

Major Marr spent all day yesterday examining landing fields to select a suitable place for headquarters, selection being most difficult owing to the large area needed for the safe landing of the speedy Spads and Fokkers which will be used in the circus.

These machines, the former crack pursuit planes of the Allies and the latter the fastest German machines, require a clear runway of several hundred yards in landing. The Marina, the old race track at the Presidio and Park Stadium suggested by San Franciscans were turned down by Major Marr as being too small.

The machines will be used in daring stunts and mimic air battles which will thrill the Eastbay district concluding with a game of tag. The flyer selected and his pursuers will cause many a heart to jump, as they will dive, turn and twist in the first day feature of the Victory Loan Drive.

The Oakland ace was willing to discuss everything but his own exploits.

"I want to say that the 'Flying Circus' which will be put on for the Victory Liberty loan will be a wonder. You are not interested in me personally, but I can say that I did born in Oakland," he said. "I did not do anything worth mentioning."

When shown a telegram at the cross bay Liberty Loan headquarters yesterday, which said Lieutenant Colonel William Thaw, organizer and commander of the famous Lafayette Escadrille was with the "circus" and would fly with the rest over the Eastbay cities, he immediately branded Thaw as the most famous of American "aces."

"Thaw has been decorated with the distinguished service cross," Major Marr said, "the Croix de Guerre with six palms and two stars (the equivalent to nine separate crosses) the Legion of Honor, Medal of Valor from Montenegro and special medal of the Aero Club of America. He commanded the Lafayette Escadrille during its fiercest battles over the hemis de Dames, Verdun, Ypres, St. Mihiel and the Argonne. The French war department in officially citing Colonel Thaw called attention to the fact that no French Army flying corps bombing, photographic, or reconnaissance plane was ever lost while under the protection of the pursuit pilots of the Escadrille."

## A. A. Adler, Founder of Sanitarium, Dies

SAN FRANCISCO, April 10.—Aaron A. Adler, founder of the Adler Sanitarium and pioneer shipping and produce merchant of San Francisco died yesterday at the age of 69 following a lingering illness.

Adler came to California in 1869 and engaged in the grain business in this city. He was a charter member of the San Francisco Produce Exchange, and was for many years its president. He built the Adler Sanitarium at 1444 Green street which was destroyed by the fire of 1906.

The present sanitarium was built soon after at Van Ness avenue and Broadway. Adler is survived by a widow, Mrs. Esther Adler; Dr. Howard P. Adler, his son, and Mrs. Felix Kahn, his daughter.

## Soldier in Stolen Auto Meets Death

SANTA BARBARA, April 10.—Sterling H. Peabody, a discharged soldier, was crushed to death near Santa Barbara, when he was driving on the State highway, leaping over a 50-foot embankment. Police said the car was owned by H. R. Sweeney, wealthy Lompoc merchant, and was taken from in front of a theater in this city last night.

## Airship Finished for Flight Over Ocean

ST. JOHN'S, N. F., April 10.—The Sopwith airplane, in which pilot Harry A. Hawker will try to fly across the Atlantic, was given the final finishing touches today and is now ready for the trial flight. It cannot be made, however, until weather conditions improve. A new wireless system has been installed upon the machine, capable of communicating with land during the air voyage.

## Painters' Wage Dispute Settled

COLORADO SPRINGS, Col., April 10.—The wage controversy between painters, decorators and paperhangers' union No. 171 and the Master Painters' association, has been settled on the basis of a 75 cent wage scale, which is a compromise, as an 80 cent scale was asked to end the strike, in force since March 1.

## The Emporium

SAN FRANCISCO

"In a mist of filmy white comes the little Easter maid."

—says Fashion

—so The Emporium's Girls' Shop has gathered together lacy, frothy, dainty frocks, the finest of nets, dotted Swiss, crisp organdies and lingerie. For she who is 6 or 14 years, or any in between, there are adorable frocks with laces, hand embroidery, and wee little ruffles of contrasting color.

Take, for instance, this fine net over a flesh color silk. It has the square neck over an Empire yoke which is finished with a tiny ruffle, with Val., so, too, have the three-quarter sleeve and the skirt ruffles that are trimmed with insertion to match the waist. A crunch of satin ribbon and tiny French flowers adds the finishing touch.

TIDE LANDS  
PROTESTANTS  
NOT OWNERS

That the state administration is not responsible for the opposition in the state senate to the assembly bill granting Oakland title to tide and submerged lands in the estuary is the word received today by the city council from Governor William D. Stephens. Through his secretary, John McFarlane, the governor stated, in answer to a query from the city council as to his stand on that he has taken no attitude whatever in opposition to the bill.

Charges by Edison Adams, Oakland capitalist, that the former City Attorney Paul C. Mori had threatened to seize all his waterfront land holdings in the name of the city, and charges by Thomas Hogan that an attempt was being made by the City of Oakland to take his property without payment, were aired before the Alameda county legislative delegation in the hearing into the Oakland tide lands bill, decision on which will be reached by the delegation tonight.

The hearing, held last evening in Sacramento, was marked by acrid exchanges between John Stephens, representing the Adams interests, and Henry C. Booth, Southern Pacific attorney, and City Attorney H. L. Hagan. Hagan said that the contention of Adams and Adams were absurd. That the proposed bill, signed to grant the city clear title to any lands in which the State had a claim would have no effect on private property.

**SAYS ADAMS PROPERTY IS NOT IN DISPUTE**  
"Well, all I know about it is that Mori said he would seize all my land," retorted Adams. Hagan showed on the maps that Adams had no property on the estuary which abutted the water line.

"I don't see how it can affect you in any way," he said. "I don't see where you have any ground for even appearing in this matter." "All I know is that Mori said he'd take my property," insisted Adams. Booth, speaking of the Southern Pacific property, said that the proposed bill would grant Oakland title between the tide line of 1852 and the center of the estuary; that this might leave open to litigation the holdings of the Southern Pacific.

"Then you admit that your title is not clear to estuary lands," asked Hagan. "All I say is that danger from litigation may arise," said Booth. "This then is a question of the title to lands on the Southern Pacific southern boundary," interrupted Assemblyman Leon Gray. "There seems to be question, as I take it, to the Southern Pacific title." "Only a foot or so of land," said J. E. Poulos, also representing the Southern Pacific. "Just enough for litigation. We contend that the Southern Pacific should not be forced into litigation and expense over a foot or so of ground."

"Would you apply this same rule to private owners," asked Gray. Poulos answered that he would. "Then," answered Gray, "you mean that you would throw out the entire law of land titles."

Gray then questioned Adams closely, demanding just what interest he had that would be affected by the bill. Adams said that he feared the city could build ahead of his property and shut him out.

"I don't want to have that water outlet," said Gray. "It seems to me that these protesters are enjoying a water outlet that their lands have additional value through harbor frontage to which there is no title vested in them. The whole thing seems to be this: that the Southern Pacific and these other people now enjoying water access over land not theirs want the title to this land to remain in the State because they figure that we in Sacramento would never want to build a wharf at the city because they fear the city might."

TUMULTU DENIES  
DOCTOR IS GOING  
TO WILSON'S AID

WASHINGTON, April 10. — Reports that Dr. J. Chalmers Dacosta, a naval officer, was leaving for Paris on the George Washington today in connection with the President's illness were flatly denied at the White House today.

It was stated that if Dr. Dacosta, who is connected with Jefferson Medical College, was going abroad on the Presidential transport, it was only in connection with his duties as a naval officer.

The President is at right: Dr. Grayson is well able to take care of him," was the way Secretary Tumulty put it.

GIRLS TO HIKE TO  
LEONA HEIGHTS

Responding to the lure of spring, the Iris club, the girls' Y. W. C. A. club of Oakland high school, will take an all-day hike Friday to Leona Heights canyon. An early morning start will be made and lunch baskets will be taken along. Miss Judith Campbell and Miss Dorothy Dinswanger of Mills College are leaders of the club.

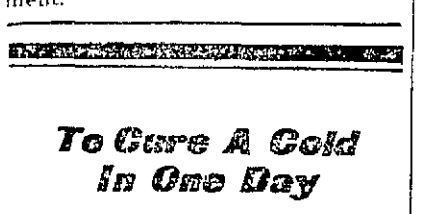

As their service work, the girls of the Tech. club of the Y. W. C. A. have undertaken regularly to care for the children of the Ladies' Relief Orphanage. The superintendent, Mrs. Y. T. Cassidy, is lending her hearty cooperation, and the Tech club is organizing a girls' rescue club among the older girls of the institution, another club for the intermediate girls, and a third for those of primary and kindergarten age. Miss Frieda Bayley is leader of this club and Miss Inez Hubbard is service chairman.

Miss Mattie Greely of Berkeley, a volunteer leader of the Y. W. C. A. left today for Elise, Arizona, where she has accepted a position as a Y. W. C. A. recreation secretary. Miss Greely was leader of the Agenda club.

Miss Mary Corbett, who was for some time acting general secretary of the local Y. W. C. A., has gone to southern California to recruit new secretaries.

Asks Divorce; Unable  
to Pay for Freedom

Mrs. Ella M. Peely in filing her suit for divorce from John Peely, whom she accuses of deserting her and their two little girls, says that by reason of the desertion over a year ago she is unable to pay the costs of securing her marital freedom.

The defendant husband has disappeared and his whereabouts is unknown. The complaint alleges that during five years Peely bought his wife only one suit of clothes, and that he spent his money for intoxicating drink.

Gladys Thomas alleges in her plea for divorce that her husband, Walter Thomas, knocked her down and kicked her, and spent his time and money on other women.

Hazel Johnson accuses Walter Johnson of failure to provide, Mary G. Montez accuses desertion against Joseph C. Montez, and E. Carrillo alleges cruelty against Manuel E. Carrillo, and Frances D. Phillips charges cruelty against Joseph C. Phillips.

ATTORNEY AND  
CLIENT FIGHT  
OVER RETAINER

SAN FRANCISCO, April 10.—Although both Attorney Vincent Ricciardi and his client, Albert Rolati, emerged from their puzzling battle, badly battered, Detective Pat O'Connell and Clerk Joseph McShane decided that theirs was a "civil" case. Rolati's request for a warrant for Ricciardi's arrest was denied.

The fight was stopped by the two county officials with great difficulty and only after tactics had been overturned and law books thrown about the room.

Rolati charged that he had given Ricciardi, his attorney, \$100 as a retainer, to get him out of trouble. He charges that Ricciardi failed to do his part, and wants to recover part of his money.

New Classes Opened  
By Shipping Board

New classes in navigation and marine engineering are being opened this month in the schools of the United States Shipping Board at San Francisco and Berkeley. Persons who enroll for the courses are given six weeks' instruction at the schools, which is followed by practical training on board one of the training vessels of the Merchant Marines.

"More officers for the Merchant Marine are needed now than ever before," says C. W. Saunders, chief of the California section of the Shipping Board's recruiting service. "This is due to the fact that several hundred new ships will be released for service on the Pacific during the next few months. Each ship will need eight licensed officers."

Information concerning the classes of the Shipping Board schools can be obtained at the recruiting offices at 120 Market street, San Francisco.

**EDITORIAL—**  
Some stores, and large ones at that, profess to give you exactly what you ask for and at the same time are so inconsistent as to give premiums to their clerks for selling certain preparations.

These preparations, which are forced upon their trade, are usually articles of their own manufacture carrying a big percentage of profit. Altho clerks in such stores are "inspired" to offer no substitutes they are at the same time rewarded for selling "House Preparations" and expelled if a sufficient quantity of this profitable merchandise is not sold each month.

We operate our stores in exactly the opposite manner. Our employees are paid a definite monthly salary and receive no premiums. No advantage accrues to any of our employees on account of the character of their sales.

All clerks at Bowman's are instructed to sell exactly what is called for (if it is lawful to do so) without comment, or suggestion. Furthermore our employees are impressed with the fact that we mean what we say.

If any one prefers Bowman's preparations they are here for sale but no employee adds one cent to his income for selling them.

**SOCIAL PAPER AT MODERATE PRICES**  
Stationery That Fills the Needs and Saves the Pocketbook

Most people prefer social stationery at modern prices. The average recipient of a letter is well satisfied with a good grade of paper accompanied by a stylish envelope and the use of expensive engraved stationery is becoming less popular every day.

We specialize upon high grade papers at moderate prices and handle a full line of the splendid paper products and stationery of Eaton, Crane & Pike Company, including Highland linen, probably the most popular high grade social stationery in America.

We have these papers in all the new shades and styles, with envelopes to match, as well as correspondence cards of the same quality.

If you are interested in saving a little money in your social stationery, we suggest that you visit this department.

Don't Be One of Those Who Forget to Take Snap-Shots

The fine weather and the unusually clear atmosphere is being reflected in our Kodak department. Almost every one seems to be getting satisfactory results and some of the pictures that are coming in assuredly must be most interesting to the owners.

We have all kinds of kodaks and cameras and all sorts of materials used by the photographer, both amateur and professional. The members of our kodak department will be glad to give any one instructions in connection with taking pictures. If you are not getting good results, take the matter up with our experts.

**GET RID OF THOSE ANTS**  
Hundreds of houses would be overwhelmed with ants in Oakland today if it were not for "Argo Ant Poison."

This poison, when used as per directions and placed in the garden and not in the house, always solves the ant problem. At one time during the war it was impossible to secure large quantities of sugar, we were handicapped in making Argo Ant Poison; we are now making it, however, and by the same formula that has always been so successful in this vicinity.

AMERICA NOW  
MAKING FINE  
PERFUMES

Compare Favorably With Imported Makes

In spite of the fact that importers of French perfumes have been able to get fairly good stocks during the war, the American manufacturers have made many gains.

The result is that today many of the domestic perfumes are as good as imported brands selling at higher prices.

We have in stock quite a number of these unusually high grade domestic perfumes, which we will gladly show you in comparison with the imported makes. Of course the matter of choice is left with you, but it is interesting to know that American manufacturers are being very successful in making perfumes of superior quality.

Essence of perfume is a good time for perfume, and if you have any one you would like to remember with a little gift we suggest a bottle of high grade imported or domestic perfumery.

## "GOOD BYE, MISTER GREASE SPOT"

What do you use to take the grease spots out of your clothes?

The easiest way to remove grease spots is the best way. Any method that saves rubbing saves the garment.

The professional cleaners dissolve grease spots with chemicals. We have a grease remover that is used by most cleaners in this vicinity. It is called "Klenzol," and sells at 25c and 50c a bottle.

Klenzol is perfectly safe to use; its fumes are not dangerous, and it is not inflammable.

We have not been advertising Klenzol for some time for the reason that the ingredients have been difficult to get; we have a good stock now on hand, however, and will be glad to fill your orders.

PAGE MARK ANTONY. From music house ad: "Cleopatra (Al Johnson's)." One idea of a cruel and unusual punishment would be to force a man to look at a motion picture of the peace conference at work.

With the U-boats all captured and a fishermen's strike on the expression "foot fish" loses its old-time significance.

Behold, 'tis Spring and all the little birds Have thrust their shiny noses in the air. And like a startled ant-hill under foot Are stamping and darting here and there.

Dear Sir: This daylight saving plan reminds me of the tall soldier who was given a blanket six inches too short for him—he cut six inches off of the bottom and sewed it on the top—L. B.

public man—is this skilled excellence in expression which the President commands, and commands, above all, so some of his shrewdest observers tell me, when he is thrown suddenly on his own resources, has no scrap of paper to help him, and must speak as nature and the facts bid him.

It is said that the irreverent American army, made a little restive during the last few months of the war by the number of presidential utterances it was expected to read, and impatient to get to the Rhine, settling itself down in the weeks before the armistice with a half sulky resignation to "another literary winter." One laughs, but never more the art and practice of literature more signally justified as a power among men than by the former professor and head of a college, who is now among the leading political forces of the world.

Well, we talked of many things—the future local habitation of the League of Nations, of the Russian impasse, and the prospects of Prinkipo, of Mr. Lloyd George's speech that day at the conference, of Siberia and Japan, of Ireland even. There was no difficulty anywhere in apparent command of topics and opinions. But there was also no carelessness and no indifference. I came away feeling that I had seen a remarkable man, on one of the red letter days of his life, revolving, too, an old Greek tale which had become familiar to me.

"Moral men grow wise by seeing. But without seeing, how can a man forget the future—how he may have, in other words, will he work happy weapon at need—how rare also those till it is accomplished. Yes, but men

### Luciezia Bori on BEAUTY

What woman doesn't dread wrinkles? Of course, the best way to treat wrinkles is to anticipate their appearance, and to put off their arrival by devoting a little time each day to the care of your skin in the way of massage and the application of a good tissue food or massage cream.

A young woman should try to keep her youth before she awakens to the fact that this precious gift is fast slipping away through neglect.

Outdoor exercise and a moderate diet are, of course, very necessary in keeping the appearance of youthful skin.

If your skin shows signs of wrinkling, or if wrinkles have already made their appearance, much may be done to help build up the tissue and eradicate the wrinkles, unless they are the result of extreme age.

Wrinkles are no respecter of persons. They come alike to the lean and the fat. The thin person is apt to show wrinkles early, but the woman of heavier build doesn't escape them.

If your cheeks are sunken and the flesh hangs loosely, massage in an upward direction. Login at the corners of your mouth on either side.

First use the long, straight strokes, moving your fingers up to your temples. Then employ the semi-circular outward motion working always with the idea of lifting the sagging muscles.

If your cheeks seem flabby—which is common in the case of wrinkles or of sagging cheeks—you must aid the up-

building work by the use of a tissue food like cocoa butter, tissue food or a massage cream of high nourishing value.

A little of the tissue building should be massaged into your cheeks with the palms of your hands in a circular motion every night.

It is said that pure, cold-weather leaf lard is an excellent tissue food to help build up poorly nourished skin. This lard may be scented, and will be as attractive to use as cold cream. Besides, it always remains, is cheap, clean and can be had at all times.

The following preparation is an excellent tissue food, because a large percentage of it is lanolin, which is one of the best fats for the skin.

Lanolin ..... 1 ounce  
Pure leaf lard ..... 1 ounce  
Boric acid ..... 1/2 grains

This is mixed together in a smooth paste and kept in a glass jar. It is given and taken? If by the absorption of everybody it has been the first and unyielding support of Great Britain during the war, and really in Europe to the main American convention of League of Nations, ought not America on her side to set herself to understand more widely—perhaps more generously than she now seems to do—those ideas of sea power and its relation to our national existence which are intertwined with British history and British life?

But these are vast questions. Let us return, for a time, to another letter to our current and personalities of the moment.

### Adele Garrison's New REVELATIONS OF A WIFE

(Continued from Yesterday.)

"Run tell Mr. Graham to come here quickly." Then I gripped her arm to stop her for a word of admonition that my plans to keep Katie's secret from what I feared would be the unimpeachable attention of Dicky's mother until I had an opportunity to tell her myself, made necessary. "Katie, don't you answer the door bell. Tell Jim, also, to stay away. Now hurry."

But Dicky had heard the last words—or was it that the higher pitched note in my voice penetrated through his absorption in the "collection" which he had been sitting, reading and sorting—at any rate he came into the room. Katie scurried away.

"What's up?" Dicky demanded anxiously.

A smile struggled through the bloom that had overshadowed my face, for Dicky, immaculate Dicky, who took such pride in his appearance and never permitted ever his mother to see him in disarray, was a sight. His hands were black with the dust of months his beloved "collection" had gathered and had transferred to them, his coat was off, his clothes were dusty, his hair was rumpled and his face bore streaks where his hands had touched.

"What're you grinning at?" Dicky began wrathfully.

"Come here," I said. And then I permitted his eyes to tell him the story.

With a gasp he sprang back from the window.

"Great Scott!" he cried. "I'll have to run and get cleaned up."

But I grasped his arm and said: "What's that woman with your mother?"

"I guess it's Cousin Agatha."

"Cousin Agatha?" I queried, for I'd never heard of her.

"Mother's cousin. I've stayed away from her as much as possible, believe me! Why, she can make you feel—"

The door bell interrupted with a long, monotonous ring. Dicky's explanation was smothered in his haste to get away.

"You go to the door," he flung over his shoulder as he turned.

"I'll not go!" I declared in a tone I'd never used before to Dicky.

### Organdie Again Popular Made in Dainty Shades

Broad Brimmed Hats of Matching Colors Are Worn With These Coverts

By ANNETTE BRADSHAW.

Organdie has not yet run its day, and falls over a tighter skirt of not fully crisp fabric last summer, instead of tiring its wearers, has only taught them what sensibly lovely frocks this sheer material develops. In pastel shades morning and afternoon dresses will be made of organdie this year.

Pink organdie is combined with white net and lace to make the pretty afternoon dress shown at the left. A deep roll collar of pink organdie fastens over a vest of lace and net. Old blue ribbon, piped edged, is run through button-holes in the collar. The deep tulle of pink organdie is trimmed with tucks.

The use of a wrinkle lotion is sometimes efficacious in removing wrinkles. Such a lotion is heat applied at home upon retiring. After washing your face in warm water saturate a bit of absorbent cotton with the lotion and dab it over the wrinkles, allowing it to dry on your skin and remain over night. A wrinkle lotion is made as follows:

Alum (powdered) ..... 1 dram  
Milk of almonds ..... 1 1/2 ounces  
Rosewater ..... 6 ounces  
Tincture the alum in the rosewater, and while stirring add the almond milk.

### GARLAND'S BEDTIME STORY

(By Howard R. Garis)

"Well, there is no use in me trying any longer; it can't be done!" exclaimed Nurse Jane Fuzzy Wuzzy, one muffled just housekeeper in Uncle Wiggly's hollow stump bungalow, one day.

"What can't be done?" asked the bunny rabbit gentleman, who was reading the fly paper in the dining room. "Please don't tell me you can't bake a peanut pudding, or make me some sassafras fritters, and his pink nose twinkled twice as fast, he was so excited like."

"Oh, it isn't anything like that," said Nurse Jane. "What I meant was that it isn't any use for me to try to sweep your bungalow any more with the old broom. It is worn out, and it makes the place look worse, after I have finished than when I started."

"What do you want me to do?" asked Uncle Wiggly.

"Get me a new broom, if you will," answered Nurse Jane with a hopeful smile.

"Get you a new broom! Of course I will!" exclaimed Mr. Longears, and away he hopped over the fields and through the woods toward the new broom store. It was kept by a grocer, who quickly gave the bunny rabbit gentleman just what he wanted, and Uncle Wiggly was soon on his way back to his hollow stump bungalow, with the new broom for Nurse Jane over his shoulder.

"There is no use talking!" thought Uncle Wiggly. "Nurse Jane is a good housekeeper. Some muddled old fellow would use the old broom, no matter how the place looked. But Nurse Jane is different."

So he hopped along, thinking of peanut sandwiches, and things like that, until all of a sudden, he came to a place where some new spring ferns were growing in the woods.

But the pretty green clumps of fern leaves were in a sad plight. Some of them were trampled down or broken off, and many of them were twisted so they did not look nice at all.

"I wonder who has treated the ferns like this?" said Uncle Wiggly, speaking out loud, and, somewhat to his surprise, the clump of ferns answered. For they spoke part of the language of flowers.

"The bad old Pipsiswah trampled on us and broke our middle and bent our roots!" said the broken ferns, for they were still waving green in the gentle wind.

"The bad Pipsiswah, eh?" exclaimed Uncle Wiggly, looking over his shoulder. "Is he hungry?"

"He was," answered the ferns. "He came in here, and rolled himself over and over in the middle of our best green clump. Then he clawed some of us up and tore more out by the roots."

"Quick, Uncle Wiggly!" whispered the ferns. "Run, now, to your bungalow! Before the Pipsiswah comes back. Yes, I suppose I ought to do that."

"Take some of our fern leaves, and are torn up," said the twisted clump. "It will make a very good broom until you can get another new one."

## Alleges Boathouse Buried by Dredger

The dredgers of the American Dredging Co., operating in the Oakland estuary, were a veritable Yousling, covering up whatever house was in the vicinity, according to the \$10,000 damage suit of C. T. Gutleben, 4355 Chabers street, against the dredging company. It is specifically alleged that the plaintiff's boathouse was buried so deep that only the chimney and a tower remained in sight.

The plaintiff contends that no sufficient warning was given before the dredging operations began to allow him to remove his house to safety and that whereas it was once one of the finest boathouses ever moored in any marsh, it is now only fit to be

## Norwegian Danish Conference Begins

The Norwegian-Danish Baptist conference for California begins tonight at the Norwegian-Danish church, Twenty-fifth avenue and East Fourteenth street. It will continue over Sunday with business sessions at 10 and 2 o'clock on Friday and Saturday, and preaching each evening, also preaching services Sunday at 11, 3 and 8:30.

One up by geologists of a period some million years hence.

The company replies that the dredging operations were supervised by the United States army, which fact relieves them from the responsibility.

## Dinner Dance For College Set This Evening

The freshmen rally tomorrow night at the University of California calls for many informal dinner parties among the college set tonight. One of these will be that given by Donald Ish, son of Mr. and Mrs. Edward Marion Walsh of Piedmont, places to be laid for thirty guests.

The guest list includes a number of the fraternity brothers of the host—members of the Kappa Sigma and an equal complement of girls. The dinner will be served at the Walsh home, after which the party will motor to the scene of activities at college.

Mrs. Stuart Hawley entertained at luncheon today at her home in Twenty-ninth street, after which the coterie of guests played bridge the remaining hours of the afternoon.

Tuesday afternoon next Mrs. William Orick will have guests for bridge at her residence in Berkeley. Later tea will be served.

Mr. and Mrs. Chester S. Myrick are enjoying a motor trip through the south and at present are at San Luis Obispo, where they are registered at the Andrews.

Mr. and Mrs. M. E. Harby are also guests at the same hotel, having come from their home in New York.

Miss Calthea Vivian has returned from a visit to Pacific Grove, where she spent some time in sketching. In San Jose Miss Vivian was the honor guest at a reception tendered her by the faculty of the San Jose Normal school, of which she was a former member.

BOX PARTIES.

Many box parties are being made up for the Ad Masque to be held at the Civic Auditorium Saturday evening, May 3, under the auspices of the Oakland Advertising Club. A number of Eastbay matrons are to preside as patronesses for the evening and these include Mrs. Wickham Havens, Mrs. Frank Hunt Proctor, Mrs. Joseph J. Keshover, Mrs. Clifford Durant, Mrs. Edward A. Vandewater, Mrs. Stuart Hawley, Mrs. William Cavalier, Mrs. Percy Murdoch, Mrs. William Thornton White, Mrs. William E. Jones, Joseph Carlsson, Mrs. Charles Trimmer Hutchinson, Mrs. Joseph Russell Knowland, Mrs. Harold Havens, Mrs. Percy Walker, Mrs. Henry Mosher, Mrs. William Williams, Mrs. Charles D. Bates, Mrs. John F. Connors and Miss Mollie Connors.

Congratulations are being showered upon Mr. and Mrs. Jack Ockell (Harriet Walsh) upon the arrival of a little daughter a few days ago in their home. The girl has been named Shirley Ockell, and the happy mother is the recipient of many pretty attentions upon the part of her friends since the announcement.

HOME FROM MOTOR.

The Roger Chickering has returned from an extensive motor trip through southern California, dividing their time between Los Angeles and San Diego and the beach resorts. They are at their home in Piedmont.

SURPRISE PARTY.

A birthday surprise party was given recently at the home of Mr. and Mrs. Chesley John Roberts, the party being planned in Mr. Roberts' honor. Among those who shared the pleasures of the evening were Mr. and Mrs. Arthur L. Cunningham, Mr. and Mrs. Joseph Deamer, Mr. and Mrs. Ernest A. Huete, Mr. and Mrs. W. A. Grayson, Mr. and Mrs. Frank Rolter, Mr. and Mrs. W. W. Norton, Mr. and Mrs. W. A. Sallander, Mr. and Mrs. H. T. Thornton, Mr. and Mrs. B. A. Thornton, Miss Ruth Taylor, Miss Ruth Robinson, Miss Eleanor Stoker and Messrs. Roy Emanuel and Stewart Gay.

The Frederick Barnhams have returned to their ranch after a visit at the Hotel Howard from The Barnham place is near Martinez. Mr. and Mrs. Jack Martin have taken apartments in this city, since Mr. Martin has changed his business location and will no longer be in Martinez.

After will provide over the program and the two speakers arranged for are Edith Martin Meyer, rabbi of Temple Emanuel of San Francisco, and Annie Laurie.

The class in oral expression at the club met this morning under Mrs. Henry Ward Allen's instruction. Mrs. Mary E. P. Easton gave an interesting reading of Middleton's "The Cheat of 1793." Other subjects continued in the discussion were "Psychology of Police and Control of Force Force."

THE ROCK RIVER CLUB MEETS TOMORROW.

The California history section of the Rock River Club, which has presented so many programs of interest in this subject, will meet tomorrow evening at 8 o'clock at the club, planning one that is expected to attract many visitors tomorrow afternoon.

The subject of the afternoon will deal with the gold mines and their present and future importance. Those who will talk of "The Journey Round the Horn and Through Panama," "Overland Trip" and "California, the Wonderful," by Edwin Markham, Mrs. Mary Gilbert, Mrs. E. Nash and Mrs. George Kibbenberger will be the speakers.

CANDIDATES TO SPEAK BEFORE PIEDMONT CLUB.

The Piedmont Club, which has devoted all its time to club and other activities during the past year or two, announces that it is again ready to take up the work for which it was established. To that end, the club has decided to hold a series of meetings and another tomorrow night in the Piedmont school, when new candidates for city offices will speak. At the meeting tomorrow night incumbents will talk.

Robert H. Sack will serve as chairman at both meetings. Mrs. John Vallance is president of the club.

following a meeting of the credentials committee. The convention opened with the singing of the "Star-Spangled Banner" by the assembled clubwomen, followed by an invocation by Mrs. Percy L. Shannon. Reports and greetings followed this.

"Americanization" was the dominant theme, running through all the addresses made. Problems of child welfare and reconstruction were discussed, especially as the latter had to do with questions pertaining to women and their life and work.

Among those scheduled to address the convention were Mrs. Annie Little, Harry of Berkeley, who will speak tomorrow on "Facing Life Squarely," and Mrs. Katherine Phillips Edison of Los Angeles, executive member of the State Industrial Board, who is on the program for a talk on the League of Voters in California, during the last day of the convention.

Among those invited to address the meetings are Professor Lee Hassett and Edwin Kriebel, both of Stanford University. Dr. Mariana Fertola, president of the district, acted as chairman.

Among the lighter entertainment features will be the production of two plays.

A memorial service was held this afternoon in respect to the late district president, Mrs. Alice A. Fredricks. Mrs. James Watson addressed the session on "Americanization."

Tonight an address of welcome will be given by Mrs. E. E. Luther, president of the Watsonville Women's Club. Mrs. Herbert Cable, state president, will speak at tonight's meeting.

Convention chairwomen are: Mrs. Jane Sheely of Watsonville and Miss Margaret Curry of San Francisco. Credentials: Mrs. D. P. Easton, program; Miss Jessica Lee Briggs, nominations; Mrs. O. D. Stoesser, hotel accommodation.

At the close of Saturday's session the Watsonville clubwomen have arranged for motor drives around the Pajaro valley. Tea will be served in the clubhouse following the trips.

CONVENTION IS CALLED IN EAST

The twenty-eighth Continental Congress of the Daughters of the American Revolution will be held in Washington, D. C., April 14 to 19, California's state representative, Mrs. C. C. Cottle, and the vice-regent, Mrs. O. H. Harshbarger, left last week for the capital city. Other California members to attend the congress are Mrs. Charles B. Bothe, state director; Mrs. J. W. McKenna of Los Angeles; Mrs. John W. McKenna of San Francisco; and Mrs. David Gage of Oakland chapter.

The president-general Mrs. George T. Guernsey, has chosen three California young ladies to act as pageants at all of the activities of the congress. These are Mrs. William Gibson of Los Angeles chapter, Miss Catherine Howell of Major Hugh Gibson chapter, Modesto, and Miss Virginia Harshbarger of Tamalpais chapter, San Francisco.

The society of I. A. I. is peculiar in its organization owing to the fact that at first it was a national organization. Later local divisions being authorized for convenience and efficiency. But the first duty of its individual members is always to the national society, and the work of the national society is to help the local divisions and work along other lines to keep well within these bounds.

Mrs. J. C. Lynch will preside at the reciprocity luncheon for April in the absence of Mrs. Harshbarger. Sierra chapter will be hostess.

CIVIC CENTER

Reconstruction and its various phases are the principal topics for the meeting of Oakland chapter of the California Civic League tomorrow afternoon following the business session at 2:30 o'clock. Mrs. Helen S. Artida is chairman of the program, and will talk upon "Post-War Responsibilities."

The following week Mrs. S. L.

## TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is one of the greatest advantages.

Nowadays, though, we don't have the troublesome task of gathering the sage and the money mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because everybody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive.—Advertisement.

## ATTACK MADE ON GIRL STIRS WOMEN'S IRE

SAN JOSE, April 10.—Mrs. Josephine Rand Rogers and other members of the W. C. T. U. today interested themselves in the case of Miss Mary Schiro, who, it is alleged, was kidnapped by four young men while on her way to work and then assaulted in a lonely cabin near Campbell.

The clubwomen expressed the determination to see that the prosecution is conducted vigorously and that the law's net will be spread wide enough to include the three women who are alleged to have destroyed Miss Schiro in the cabin before she was attacked.

The W. C. T. U. women have been so aroused by the boldness of the crime that they have decided to make an independent investigation. With this end in view the committee called at the home of the young woman and questioned her. The women feel that the case is one that should arouse the community to a determination to make an example of all those who had anything to do with the attack on Miss Schiro.

Samuel Scula, who is alleged to have attacked Miss Schiro, and Frank Marzura, who is charged with driving the auto used by the alleged kidnapers, are being held in the county prison without bail, while the officers are searching the county for Frank Scula and "John Doe," the other men who are alleged to have assisted in seizing Miss Schiro.

Sheriff George W. Lyle refuses to allow any attorney to see the prisoner. He declares that they will not be liberated on bail.

The police say Miss Mitchell suffered from the effects of a drug or bootleg whiskey.

## BAVARIAN DIET STILL MEETING

BERLIN, April 10 (By the Associated Press).—The Bavarian diet opened at Bamberg on April 8 and ministers told newspapermen they regarded the situation with great confidence and that outside assistance was not needed and would be refused.

Members of the ministry addressed four mass meetings during the day and declared that the Diet had been removed to Bamberg from Munich so that it might be able to peacefully continue its work. It was announced that the government had received information from all parts of the country and was firmly resolved to restore the constitutional situation. It is said that reliable troops are at the command of the government and volunteers are constantly being received.

Reports have reached Bamberg that at Wuerzburg there is a strong movement against the Munich Soviet government and that the bourgeois parties of North Bavaria have issued an appeal for co-operation by the Majority Socialists against what is termed "Munich terrorism."

## 1200 French Officers to Train Polish Army

BERLIN, April 10.—The Polish paper Louch of Thorn announces that according to the Franco-Polish military convention, France is required to train the Polish army after the French system. Twelve hundred French officers, the newspaper says, will begin this training soon.

## Baby Weighing May Extend Into Part of Coming Week

Little GLADYS NEELY, being weighed by Mrs. J. A. Bach at the Baby Hospital. The child is one of many who are being examined in Baby Week in Oakland.

## More Than 1000 Tiny Folk Have Already Supplied Data to Uncle Sam

More than a thousand babies have been weighed and measured and their mothers told what they needed, if anything, to make them strong and well as a result of the baby weighing campaign this week. Already the cards that will inform Uncle Sam how the tiniest of his people are doing are on their way to the bureau of child welfare of the federal department of labor.

The weighing is to continue the rest of this week, and some dates may be made for next week if accommodations are not sufficient to meet all of the demands by Saturday. Because of the number of places available the necessity of taking little ones long ways for the examination has been obviated. Also, because of the definite setting aside of a time for each baby, the crowding of children in any numbers together in one room at one time has been prevented.

Indication of the general interest that has been aroused by the baby measurements, an interest that increases as the week wears on, is found in the fact that the Oakland Red Cross headquarters telephone has been jammed for two days with mothers at the other end of the line asking for details. The Red Cross, of course, has no connection with the work, which is really in the hands of the Oakland Children's Year committee.

This committee has established headquarters at the offices of the Alameda County Anti-Tuberculosis Association at 2909 Broadway. Here all inquiries regarding the weighing are answered and here, also, appointments for weighing must be made by mothers before they take their babies to the weighing places.

FOR THOSE WHO are exclusively among babies six years old and younger. Full provision for weighing, measuring and otherwise examining them are made at each of the fourteen stations which have been opened.

The examining physicians, who volunteer their services without charge, will not only judge the normality of the baby, but proffer any advice as to its care that seems demanded. They will also be glad to answer mothers' questions regarding the feeding, clothing and general management of the little ones.

## MacDonald Takes Control of Bank

L. M. MacDonald, a San Francisco banker, who is well known in Alameda county, has negotiated the controlling interest of the First National Bank and Farmers' and Merchants' Bank of Hayward. MacDonald is understood to represent the bank of Italy, which will bring to Hayward increased facilities for taking care of the growing needs of the community. The present officers and directors of both banks will continue in the same capacity as they are at the present time. John Allan Park, who has so successfully managed these institutions since their inception, will continue in charge and will also retain a substantial block of stock.

Park organized the Farmers' and Merchants' Bank in the year 1903 with a capital of \$50,000, and in 1911 found the First National Bank to take care of the commercial business, leaving the Farmers' and Merchants' Bank to handle the savings department. Today the combined capital, surplus and undivided profits are \$165,000, and combined assets \$1,500,000.

The officers and directors are as follows:

Board of directors: J. H. Strobridge, John E. Geary, John C. Penke, John A. Park, M. C. Peterson, Jesse H. Woods, Geo. H. Park.

## Oakland Boy Goes Through 7 Battles

Veteran of seven of the great battles following the arrival of American troops in France, Walter K. Randall, one of the lucky unscathed 50 per cent of the First Gas Regiment, is at his home at 2217 Market street, Oakland. Although he was raised once and slightly wounded twice, he has come through almost two years of service unmarked by battle.

The First Gas Regiment of which he is a member was the only regiment of the kind with the American Expeditionary Force in France. He was awarded the French Croix de Guerre and an army citation for bravery in action.

He was the honored guest at a party given at the home of his parents, Mr. and Mrs. O. B. Randall, Saturday evening, when he was attended by 25 of the younger set of the neighborhood.

FOUND DEAD ON DOORSTEP.—An unidentified man of shabby appearance was found dead last night on a doorstep at 426 Jefferson street. Two boys told the police that a short time before the man was found he had asked them to help him to the doorstep, saying he was ill with rheumatism. He wanted to lie down. He was about 50 years old. Nothing was found on him at the morgue to identify him.

## Alaskan Railroad Post for McCormick

E. O. McCormick, vice-president of the Southern Pacific company for a number of years, is slated for a permanent post with the government's new Alaska road, it is understood today in railroad circles. At any rate, there is probability that he will not be retained among the corporation's executives.

Additional weight is lent to the report of his Alaskan destination by the fact that he has just returned from a survey of traffic possibilities in the territory, where Secretary of the Interior Franklin K. Lane sent him.

With little to do, McCormick was kept on the Southern Pacific payroll for a year after the government took over the road. The railroad administration did not finally annex him. As the corporation now has no connection with the Alaska except to collect the rent for it from the government, and as McCormick work of a high order.

## Requa Will Return to State Interests

Mark Requa of Piedmont, head of the oil division of the United States Fuel Administration, today at Tulsa, Oklahoma, denied that when his work with the administration is finished he will become associated with an Oklahoma oil company.

"As soon as my work with the fuel administration is finished," Requa said, "I am going back to California to assume charge of my oil interests there."

## BOY REPORTED MISSING.

Cesar Vasconcelles, 9 years old, is missing from his home at 3346 Elmwood avenue, his father has reported to the police. He had dark hair, blue eyes, a gray mixed suit and a black cap.

He is essentially a traffic man, it is said in railroad circles that his elimination is only natural. McCormick is understood to welcome the Alaska post as an opportunity for pioneer work of a high order.

## Chinese Is Cleared on Murder Charge

After half an hour's deliberation the jury in the Fong Wa tong murder case last night returned a verdict freeing Mock Yue Wah of the crime. The case was, in the opinion of court attachés, laughed out of court by Attorney Harry Stafford for the defense. During a fifteen minutes' argument Stafford kept the jury and the courtroom crowd in a state of laughter. He said the charge against Mock Yue Wah was the child of Yip Bow, the "little witness" who testified that he saw the defendant doing the shooting, that it was a father-son murder, when, staggering to the door, she sounded an alarm. Police were notified and medical aid summoned.

Police believe the same burglars are responsible for two similar burglaries yesterday. The home of Mrs. Frank Manning, 1165 Bush street, was entered and \$1875 in jewelry stolen. Last night burglars entered the suite of Herbert Solomon at the Chancellor Hotel, making away with \$300 in jewelry.

## Woman Beaten by Surprised Burglars

SAN FRANCISCO, April 10.—After hearing Mrs. A. E. Baird, 2418 Van Ness avenue, into insensibility, two burglars who entered her apartment last night escaped unnoticed by means of a fire escape.

The two thugs were ransacking her home when Mrs. Baird returned home. One of the men grabbed Mrs. Baird and held her while the other struck her over the head several times with a piece of heavy glassware. Mrs. Baird lay unconscious for over half an hour, when, staggering to the door, she sounded an alarm. Police were notified and medical aid summoned.

## Are You a Bolshevnik?

Bolshevism is based upon violence, relies upon force, is deaf to right or reason.

To force the bowels to move by taking castor oil, pills, salts, mineral waters, etc., is to outrage Nature and "bolshevnik" the body. Because drugs act by producing irritation.

Castor oil, for instance, is so obnoxious that the bowels make frantic effort to get rid of it. Other medicines, from senna to salts, provoke action by causing the bowels to try desperately to expel them first.

With such remedies therefore the removal of bowel waste is secondary and wholly incidental. Hence, the result is not to cure constipation, but on the contrary, to make it worse, more obstinate, harder to overcome.

On the other hand, Nujol is not a drug, does not act like any drug, acts mechanically, not medicinally; persuades Nature instead of forcing her.

Nujol supplies necessary moisture to soften intestinal contents and facilitate easy, thorough evacuation at regular intervals. Nujol makes easier and more effective the action of intestinal muscles. Nujol absorbs poisonous material.

Nujol is free from any deleterious after effects, forms no bad habits, can be used at any age, under any conditions, and overcomes constipation because it works hand in hand with Nature—with her laws, not against them.

Self-poisoning due to constipation causes over 90% of human illness. Get a bottle of Nujol from your druggist today, and send coupon for free booklet—"Thirty Feet of Danger."

**Warning:** Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

# POINCARE IS WITNESS IN "SPY" CASE

PARIS, April 10 (by the Associated Press).—The situation created at the trial of Senator Charles Humbert by the reading of President Poincare's testimony, accusations by M. Moro-Giafferi, Humbert's lawyer, that the French president had "voluntarily" erred, and subsequent threats by Captain Morner, the public prosecutor, to have Moro-Giafferi disbarred from practice, is one without precedent in France's spectacular law courts. Senator Humbert is on trial on the charge of having had commerce with the army.

President Poincare, in view of the bitter attacks to which he was subjected by Humbert's lawyer, asked today to be heard anew, and Colonel Masselin, after reading the president's letter, acquiesced, as the president wished to explain further regarding his relations and interview with Senator Humbert.

President Poincare's testimony related to the conversations he and Humbert had had regarding Pierre

## PEEPER GIVEN SLEEPER TERM IN CITY JAIL

ALAMEDA, April 10.—Raymond Buhler, 29 years of age, convicted of peeping into houses, was sentenced yesterday to three months in the city prison under unusual conditions. In order to keep his job in San Francisco, Buhler will have his liberty during the day time, but must spend his nights in prison. It was proposed last week to send him to a corrective institution, but further investigation by Judge L. R. Weinmann resulted in the unusual sentence being pronounced.

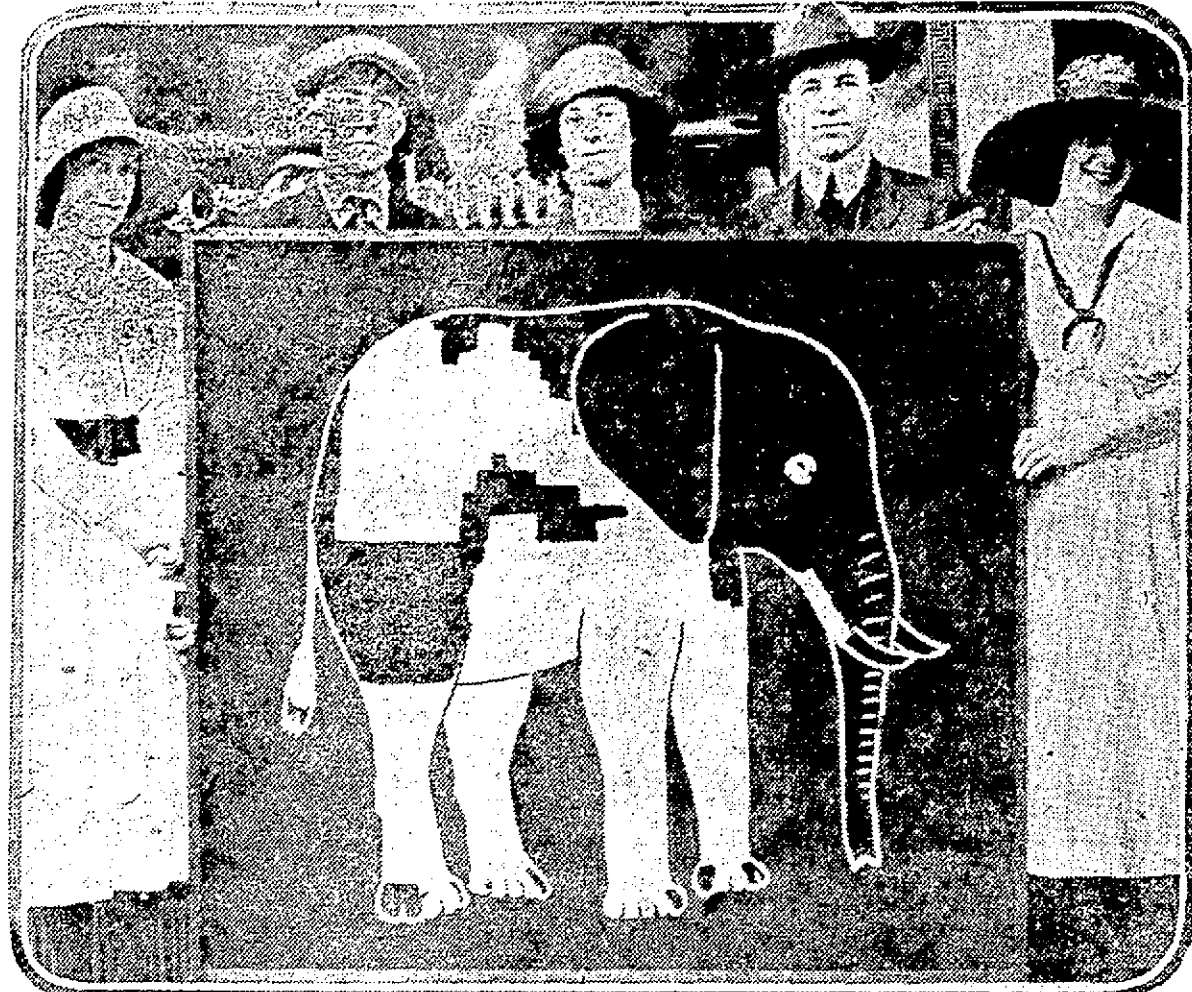

Lenoir, a defendant, and Bolo Lash. He said he had advised Humbert to make a charge before the military tribunals, which Humbert had refrained from doing, asserting that he had informed the first magistrate of the country and the latter had promised him that action would be taken.

"Perhaps one politician found it to his advantage to have another prominent politician disappear from the public eye," shouted Moro-Giafferi. Thereupon Captain Morner asked the counsel to withdraw his remark, threatening him with disbarment.

"It will be to the glory of my career to be disbarred under such circumstances," shouted Moro-Giafferi.

In summing up the long discussion the whole trend of Moro-Giafferi's argument was to show that President Poincare was anxious to have Humbert disposed from the prominent position he occupied in the French political world.

## Drive to Raise Mortgage Stirs Church's Enthusiasm

Once this elephant was white; the black spots represent subscriptions to Plymouth Church drive. Behind the elephant (left to right) are MISS BETTY McALIT, LEROY PLACE, MISS MARION BOYDEN, W. D. MacDONALD and MISS HELEN PAINE.

### Large Subscriptions Help to Reach Goal Set by Plymouth Institution

Fresh enthusiasm was displayed at the dinner given to members of teams soliciting funds to raise the \$30,000 mortgage of Plymouth church last night when it was announced that a number of large subscriptions have been received and that prospects for winning out in the campaign are growing brighter daily.

Among the subscribers mentioned last night were Mrs. Elizabeth Chambers, \$1000; C. H. Dickey, \$1000; Guy C. Earl, \$500; S. V. Armstrong, \$500; Mrs. C. H. Gorrill, \$500; and H. C. Garwell, \$100. Many other material subscriptions, it was stated, have been promised.

Dinners are served right to the teams before proceeding on their work of canvassing. These dinners are in charge of Mrs. George W. Clark, president of the Plymouth Woman's club, and a committee of women including Mrs. D. G. Seuder, Mrs. Y. Benson, Mrs. Albert H. Oliver and Mrs. O. Van Every. Other women assisting in the various committees are Mrs. E. L. Ormsby, Mrs. W. G. Atwater, Mrs. J. F. Higgins, Mrs. T. C. Coogan, Mrs. C. E. Eby, Mrs. W. C. Barnard, Mrs. E. S. Moffat, Mrs. G. H. Tyson, Mrs. N. W. Pierce, Mrs. M. E. Wright and Mrs. R. F. Lewis.

### POLITICAL NOTES

At noon yesterday several hundred employees of the Union Construction Company heard a talk from Joe King, who referred to his continued efforts in behalf of labor. Yesterday afternoon King spoke at the Shattuck-avenue church and last night at the Fairlawn hotel, Fruitvale; Holland hall and Odd Fellows' hall.

Today is one of the busiest in Joe King's campaign. This afternoon he gave a short address at the Golden Gate library, the meeting presided over by Mrs. de Home. This evening he will speak at the Piedmont school, before the U. I. W., at Porter's hall, Carpenters' hall, to the French War Service League, at Castle hall and at the Frick school.

### Will Irwin Is Home From Work in France

SAN FRANCISCO, April 10.—Will Irwin, war correspondent and author, is at the Cliff Hotel today after arriving here from France yesterday. Irwin said yesterday that he has come to be with his wife, Inez Gilmore Irwin, novelist, who has been seriously ill, until she regains her health. He will then return to Paris. Irwin started his career in newspaper and magazine work in this city.

### Order Winter Coal Before Summer End

Coal consumers must place their orders for next winter within the next few months if a famine is to be avoided next winter, Albert E. Schwabacher, federal fuel administrator for California, was advised in a telegram from the fuel administration in Washington today.

The offices of the administration were closed here February 7, but Schwabacher was directed to retain his title until all of the details of the administration here could be cleared up.

A shortage is imminent if retail deliveries are delayed until next fall, Schwabacher announced.

### Suspended 60 Days for Hearsay Criticism

SAN FRANCISCO, April 10.—Captain William C. Gill of the Fire Department was suspended last night without pay for 60 days and placed on pro-

bation for six months after pleading guilty to charges of insubordination filed against him by Fire Chief Thomas R. Murphy.

In a speech before the Scannell Club of which Gill is secretary and in interviews made public, Captain Gill criticized the manner in which Chief

Murphy had handled the recent fire in Post street near Grant avenue at which First Assistant Chief Conlon lost his life.

At the trial last night, Gill admitted that he had not been at the fire and all that he knew was hearsay. Gill did not oppose the sentence.

## The People Who Work With Swift & Company

Big Business is usually pictured in the public mind as a huge, soulless machine. As a matter of fact, it is just a collection of human beings like you.

Without boasting and simply to give the public an idea of the human side of Swift & Company, we publish the following facts:

The lowest rate of wages paid to men has been increased voluntarily and by arbitration 167 per cent in the past three years; the wages of all packing-house labor have been increased an average of 125 per cent.

There is an Employees' Benefit Association (voluntary) providing disability and death benefits for a small weekly payment. Sick allowances are granted in times of illness, and pensions for disability and old age are provided without expense to the employee.

Under a two year time payment plan 4,000 employees have become shareholders in Swift & Company.

Company physicians attend employees needing their help at the plant and at home, without charge.

More than 1,500 of the 7,500 men who left to join the army and navy have returned to their jobs, and jobs are waiting for the others as soon as they return.

At the general office in Chicago, every boy is given an hour's schooling daily on company time, such work being accredited by the high school authorities in securing a two year commercial course diploma.

A summer home is maintained at Fish Lake, Indiana, near Chicago, where women plant employees may spend their vacations, without cost.

Swift & Company is co-operating with other employers to improve living conditions around the stock yards.

More and more thought and attention are being given to the opportunity and responsibilities presented in a big industry to improve working conditions and to raise living standards.

These are beginnings of a broad, constructive program, details of which are now being worked out by the Employees' Relations Committee of Swift & Company.

# MISS MILLER WILL SING IN FATHER'S PLAY

Juanita Miller, forgetting the untoward fate that recently crushed to earth her unique romance, is to lift her voice in declamation and song on the slopes of Mt. Tamalpais.

It will be the poetry of her own deceased father, Joaquín Miller, whose round periods she will declaim and his songs she will sing as John Philip Sousa set them to music.

For the daughter of the poet has been urged back into histrionics by the directors of the Mountain play, given annually on Tamalpais slopes. They have chosen "Tally-Ho," last of the plays that Miller wrote, for production the afternoon of May 18.

What choice more appropriate, said they, for the leading role than the poet's own talented daughter?

## ACCEPTS INVITATION

So the invitation was flashed across the bay to Miss Miller at The Heights, and she at last accepted. The part she will assume is named "The White Rose of the Sierra." Her two songs are "Forty-nine" and "Tally-Ho," the music of which Sousa wrote years ago. She will play opposite to August Aguirre, who is to assume the chief masculine role, that of Hank Monk, stage driver.

## NOTED MEN PLAY IT

"Tally-Ho" has had an interesting history. Joseph Jefferson himself, having assumed the leading role on one of seven presentations which have preceded that now projected. At another time in an amateur of the J. J. Cushman, now manager of the Sierra Club will co-operate with the Mountain Players in the production. Other parts in the cast are to be played by the directors of the drama at the Hotel Whittier in San Francisco Monday afternoon. Garnett Holmes will be stage director.

## PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause permanent damage and often lead to the dreaded Gouty Rheumatism.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial of GOLD MEDAL Bile Beans.

GOLD MEDAL Bile Beans are capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. Your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 20c and 25c per box. All druggists.

## Stop Itching Skin

There is one safe, dependable treatment that relieves itching, curing inflammation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating soothing liquid, is all that is needed for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

# Yuletide

Mme. Miura is coming to Ye Liberty.

Friday, a little Tamaki Miura and her company will arrive at Ye Liberty playhouse in the opera house.

"The Gelsia." This work is by Sidney Jones and Harry Greenbank, names not lately identified with contemporary musicians and playwrights.

"The Gelsia" in the hands of Mme. Miura is the most complete role that has been presented on the stage. Her voice is of a delicious timbre, reaching the ear with a smooth, caressing tone. She sings without effort and always preserves the classic hues of the bel canto.

Miura in less than four years from comparative obscurity has risen to the front rank of successful stars. Unheard of a few years ago, she holds the record for continuous evening performances of "Madame Butterfly" in New York and Chicago.

Her company and chorus of unusual excellence has been assembled by Berry and Behmyer, among the most successful producers of the day. The company includes Carl Formas and A. Neri (formerly of the La Scala Opera Company), Theodore Polyzou (formerly of the Metropolitan Grand Opera Company), Rudolph Koch of the Savoy Company, and others.

For the first time, Mme. Miura and her company will appear in both grand and light opera.

On Friday evening, Saturday matinee and Saturday evening.

## AL JENNINGS' PICTURE

T. D. THRILLER

Al Jennings lives again the outburst that made him the star of the screen in his picture, "The Lady of the Dugout." On the T. D. theater screen.

"The Lady of the Dugout" is a story of a man who is a hero of the Sierran. Her two songs are "Forty-nine" and "Tally-Ho," the music of which Sousa wrote years ago. She will play opposite to August Aguirre, who is to assume the chief masculine role, that of Hank Monk, stage driver.

The time chosen for the production is a Sunday afternoon, and the Sierra Club will co-operate with the Mountain Players in the production. Other parts in the cast are to be played by the directors of the drama at the Hotel Whittier in San Francisco Monday afternoon. Garnett Holmes will be stage director.

NOTED MEN PLAY IT

"Tally-Ho" has had an interesting history. Joseph Jefferson himself, having assumed the leading role on one of seven presentations which have preceded that now projected. At another time in an amateur of the J. J. Cushman, now manager of the Sierra Club will co-operate with the Mountain Players in the production. Other parts in the cast are to be played by the directors of the drama at the Hotel Whittier in San Francisco Monday afternoon. Garnett Holmes will be stage director.

## PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause permanent damage and often lead to the dreaded Gouty Rheumatism.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial of GOLD MEDAL Bile Beans.

GOLD MEDAL Bile Beans are capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. Your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 20c and 25c per box. All druggists.

## 91ST DIVISION DUE IN OGDEN BY TOMORROW

The four special trains carrying troops of the 91st or Wild West division to the Presidio of San Francisco for demobilization are expected to pass through Ogden, Utah, tomorrow morning, according to despatches from Ogden today.

It was at first announced that these troops would go to Camp Kearney for demobilization, but it is understood that the orders sending them there have been countermanded and that the men, most of whom are from the bay district, will go to the Presidio.

Three regiments of infantry of the 4th or Sunshine division arrived in New York about the same time that the 91st arrived. It is not yet known whether they will be demobilized at San Francisco or Camp Kearney.

In a letter received by THE TRIBUNE from men of Company H, 1st Infantry, 91st division, written at Camp Upton, N. Y., on April 4, the following information is given:

Just a line to let you and all the world know that the fighting Wild West division has arrived in the good old U. S. A. and is sure tickled. We said in September, just before we went up on the Argentine, that it would be heaven. Hell, we're tickled it was Hoboken.

The letter is signed by Private Tony P. Souza, Fred Chalmers, Joe O'Donnell, Dick Whelan and Pat Lark.

Plans for the reception of the men by local bodies have not yet been announced.

WASHINGTON, April 10.—The sailing of three transports was announced by the war department today. The Graf Waldersee sailed from Brest on April 7 and is due in New York April 27, with 125 officers and 1495 men of the following organizations: Base hospitals No. 5, 14, 21, 44, 50, 72, 97 and 202; field hospital No. 42, and casualties.

The transport Sassanoff sailed from Brest on April 7 and is due in New York April 17, with 102 officers and 1247 men of the following organizations: 223rd ambulance company, Brest convalescent detachment, Nos. 157 to 165 inclusive, and other casualties.

The transport Wausau sailed from Brest April 8 for Newport News with twelve enlisted men, casualties from Illinois.

SLAYER PLEADS GUILTY.  
SAN FRANCISCO, April 9.—On stipulation that neither the police nor district attorney would oppose life imprisonment, Jos. Kierman pleaded guilty today to a charge of murder. He will be sentenced Saturday. Kierman, with Harold Cochran, held up a street car and shot and killed Conductor Albert Sommers.

CANDIDATES INVITED.  
All candidates, except those for the mayoralty who have spoken there previously, are invited to attend a meeting tomorrow night in McChesney school. The meeting is called by the residents of the district who desire to obtain personal impressions of the candidates.

## Woman Is Human, Says Bachelor Burnett Tells Senate of Wild Life

THE WILD WIFE WHO BARELY BEATS HER HUSBAND HOME IN THE EVENING.

A WOMAN ISN'T AN ANGEL

SACRAMENTO, April 10.—An effort by Senator Burnett to obtain reconsideration and to amend one of two community property bills passed by the Senate Tuesday failed yesterday. Senator Duncan was the only senator to vote with Burnett, thirty-two members voting against reconsideration.

Burnett's motion was on Thompson's bill granting the wife the right of temporary disposition of community property. He said children were not provided for under the terms of the bill and offered an amendment to provide that in case of the death of the husband without leaving a will, only one-third of his interest in the community property should go to the wife and that the remainder should be divided among "his surviving child or children and the lawful issue of any deceased child."

"The children are protected under the terms of this bill," Thompson said. "The husband and wife are placed on the same footing and I hope reconsideration will be refused."

"The present system governing community property is a relic of medieval ages," Senator F. M. Carr said. "Every man in this Senate ought to vote to place the women on an equal plane with men."

Burnett in closing his debate said he was a "bachelor and attorney," and that while he knew the "married men of the Senate were happily married, not all couples in the world were happily married."

"I take it that you men who are married and stay at home nights do not know the wild wife and the women who spend their afternoons out and barely beat their husbands home with a meal purchased in a delicatessen store," he said.

"Not all women are good women. Woman isn't an angel, she is a human being. There are children who should not be exposed to the whim of their own mother, and I do not believe that children should be left without the right to community property."

The Senate passed a bill by Senator Boninger amending the act regulating the construction of dwelling houses, to require that where two-story houses occupied by more than one family, are built, there must be a back yard at least eight feet deep.

Senator Rogers' bill appropriating \$10,000 for a flood control survey of the Calaveras river was passed.

## REED "DEATH CAR" DRIVER CONFESSES?

SAN FRANCISCO, April 10.—In preparation for the preliminary hearing of Dr. Ephraim Northcott on the charge of murdering Miss Inez Reed, Oakland attorney, a number of new clues were run to earth by the San Francisco and San Mateo police today and with valuable results, as follows:

This charged remains of the mattress and springs taken from the Highland avenue "death house" were found.

A confession is said to have been secured from the driver of the automobile the carried Miss Reed's body to the place it was found.

Lieutenant Charles Goff of the San Francisco police began a surveillance of drivers to last until the resumption of the hearing Monday.

The defense alleged the worries of the state by promising to produce Mrs. Frances Cronin, Dr. Northcott's nurse, at this hearing.

The report that a confession had been secured from the driver of the "death car" continued today to gain force, despite the fact that Captain of Detectives Luman Matheson absolutely refused to confirm it. According to the report the confession was made to Lieutenant Goff. A plan of the prosecution to save this important testimony for a surprise at the hearing would explain it was decided today, the police reluctance in confirming it.

DRIVER'S ARREST REPORTED.  
Lieutenant Goff was not at headquarters today when sought there. It was reported that he had taken the driver of the motor car into custody and would act as his guard until Judge Fisher opens court Monday.

The burned portions of the mattress and springs of the bed believed to have been in the Highland avenue house, and which the police consider an important link in their investigation, were taken to police headquarters this morning by Detective Sergeant Gallagher, who refused to divulge the place where they had been found. It was indicated, however, that the evidence was discovered in a vacant house where neighbors had seen it partly destroyed at night by a man who heaped newspapers at it and set them afire.

Prosecuting officials were not altogether easy today regarding the whereabouts of Mrs. Cronin. She is expected to be their chief witness at the hearing, but they are unable to find her. Attorneys for the defense declare she will not be missing when court convenes Monday. They claim they have no reason for wishing her elsewhere as they expect her testimony to assist their client, the accused physician.

The motion for the postponement on the ground that the defense could not properly cross-examine witnesses for the prosecution without further information, made at court on the case opened yesterday, was a complete surprise to District Attorney Franklin Swart.

The reporting of the amendments to the Senate today is expected to precipitate a fight to establish a legislative policy on the number of amendments to be submitted to the people by this legislature. An effort has been made to have the Legislature submit only the amendment providing for a constitutional convention submitted to the voters at the next election.

Legislators Are  
Guests of Young

Alameda county legislators were the guests last night at a dinner given by Lieutenant-Governor C. C. Young of Berkeley, at Sacramento. The affair was informal, the guest of honor being Governor William D. Stephens. Several night committee meetings were adjourned at 7 o'clock to permit lawmakers to attend the affair.

## BIG 4 CALLED WAR BREEDER BY PETERSEN

"If the peace conference results in a row, as reports from abroad now indicate may happen, the United States and the world at large will have gained nothing by the present war. We will have a Europe too exhausted to fight but by no means a Europe at peace."

In these words Captain of Detectives Petersen, a former provost marshal in France, today scored the tactics of the representatives of the different nations at the conference in a speech which he made at the noon luncheon of the Oakland Rotary club.

The "big four" alliance, he said, was just as bad as any alliance of nations before the war—alliances which had been condemned during the present war and declared to have been responsible for it. Its principal effect, he said, would be to cause the creation of opposing alliances. Thus wars would be promoted rather than discouraged. (His remarks were directed at the league of nations covenant as a model standard.)

He said, should be given a place in the league, although he thought there should be a period of

probation before she could exercise full rights.

Petersen pointed out that the war has cost the allies \$2 for every dollar spent by Germany, and three lives for every life lost by Germany.

"And up to the present time we haven't won anything," he added. "If a vast indemnity is asked of Germany she will not be in a position to pay it."

Petersen pointed out that the present situation among the conferees at Paris is a condition of turmoil and factional strife. He said the threat of Wilson to leave the conference was ominous.

"If a peace is not framed to eliminate war and reduce armaments, nothing will have been gained," he said.

If Wilson leaves Europe, he says, and orders the American troops home, Europe will be left on the verge of revolution.

## City Dads "Pinched" for Speeding Dash for Last Ferry Is in Vain

To be "pinched" in Vacaville, stalled for the night at Vallejo, made to sleep in a hotel next to a boiler shop and a livery stable, were among the adventures last night and this morning of City Attorney H. L. Hagan and Commissioners F. P. Morse and Fred Soderberg, who say that no longer can Mayor David claim distinction of being the only

Oakland official arrested on a Sacramento trip.

The city officials were speeding to catch the last Rodeo ferry, when Constable Traylor picked them up at Vacaville. After the officials had explained for half an hour who they were, why they were speeding, and after Hagan had agreed to come back if necessary, they were released—and missed the last ferry.

Only three rooms were vacant in Vallejo—the hotel demanded \$3.50 apiece for them, but finally decided that as they were city officials and not tourists they could have the regular rate.

Soderberg was lured to sleep by the music of the boilers; in the livery stable outside of Morse's window suburban cursed and horses tramped—and a sleepless-eyed official delegation arrived early this morning in Oakland, swearing "never again."

Palestine Population  
But 7 Per Cent Jews

NEW YORK, April 10.—The latest census in Palestine places Jews at less than 7 per cent of the population and shows that only one in each thousand possesses land, according to a cablegram from the Alhady Alahady, an organization representing Jews in Palestine, made

PALESTINE, April 10.—Premier Lloyd George, according to general belief, today occupies the unique position of holding the "balance of power" in the peace conference.

American delegates, clinging to the fourteen points and the armistice terms, have clashed more frequently with the interests of France and Italy than those of any other power. It was pointed out by Lloyd George's policy throughout the peace deliberations has been based largely on a determination to win America's permanent friendship, no matter what the happens, many of his friends declared. As a result, when the recent "crisis" developed, the British premier is said to have thrown his support unconditionally to President Wilson, making possible the remarkable progress of the last two days.

## JACK THOMPSON TRIES HARD TO LET CLARKE MAKE A GOOD SHOWING, BUT WINS THE BOUT

### Youth and Age Figure in Second Victory of Seals Over Seattle Purple Sox

### Veteran "Spider" Baum Pitches Like Champion, While Kamm Is Fielding Sensation

By BOB SHAND.

Charlie Graham's Seals made it two in a row yesterday by whipping the Seattle Purple Sox four to one at Recreation Park and youth and age shared the honors of the victory. It was Spider Baum, the veteran heater who is starting his nineteenth year as a professional baseball pitcher who checked the Purple Sox to defeat and it was Willie Kamm, the boy wonder, who featured in the field. Baum was used for only four base hits in the nine innings and he acted like a champion in the pitcher's box. The other Sealties were helpless as babes in front of the redoubtable Spider.

Red Bill Leonard walked in the sixth and scored the lone Seattle tally when he hit the first pitched ball, clear to the center field fence. In the eighth and ninth innings and he scored on the two free tickets issued by Baum during the afternoon. First was two on the paths and none down with the top of the batting order coming up. Compton, who is rated one of the best hitters in the league swung widely at three good ones and Bill Leonard followed suit. Wald, another of the Sealties, was out on a fly to Kamm in the eighth. That's the kind of ball Old Man Baum checked yesterday.

The Seals did not waste any time getting into the run column. Flanagan opened the first frame with a clean hit and swiped second. Then he hit on the third and he scored on Harper's sacrifice fly. Then came Phil Koerner with a mighty smash into the left field bleachers. It was the first four-run inning of the season at Recreation Park. Corhan walked in the eighth, went to second on Harper's hit and moved to third when Koerner sacrificed. Boy scored when Chavany sent out a sacrifice fly to Harper on Schaller's blow. Kamm followed with a hit but was forced by Brooks.

Crandall is going to have an awful time taking Kamm's job if Willie keeps up the pace he set yesterday. He grabbed Murphy's mean grounder with his meat hand in the second and got his man by ten feet. It was a wonderful exhibition of nerve and throwing. Three of the same kind of hits got past Red Murphy last Sunday morning. In the ninth the kid made another nice play on Gleichenman and again got his man easily. Kamm got a nice hit and took care of five hard chances without a blemish. Charlie Graham is elated over the work of the "busher" and expects him to develop into a star of the first magnitude.

Easley did the chucking for the Sox and heaved a creditable game even though he was beaten. The fans were still wondering why "Cocky" Clever did not send Easley to the hill on Tuesday. Had the opening game been a regular contest instead of a farce there would have been a much larger attendance yesterday.

Clym is going to be a card in this league even though the fans get a lot of fun out of his actions. "Cocky" struts around like a rooster and he makes many funny motions with his hands while conversing with the ump. Bill has all the notions of a great orator no matter what he says. When he leaves the field to talk with the ump he looks as if he expected the wheels of progress to stop until he gets out of the picture.

Spider Baum tried to beat out a punt in the seventh inning and the fans got quite a kick out of the old boy's attempt to show his speed. It is said on reliable authority that once upon a time when the boy came up to Montecito street Spider Baum beat out a punt but all the witnesses died many years ago.

There was a big celebration in local baseball circles last night following news of Carl Holling's victory over Sacramento. Carl played with local and state teams until this spring when he asked for a chance to play with the Oaks. He was willing to play any position but not even his most ardent admirers thought he would make the grade. Manager Howard checked Holling with the other "bush" recruits until he saw him in action on the mound and then Del became enthusiastic. Now if Bonner will only shove over a victory and prove that he is a winning pitcher Del's troubles will be over for the present at least.

Cal Ewing and Del Howard have kept their promise to have the team in the first division. Sacramento was figured one of the best clubs in the league by the pre-season dopsters so the Oaks' pair of victories means something. We are not claiming that the Oaks have the pennant clinched or anything like that but Howard certainly has a first division team.

PROSECUTION OF COTTON GROWERS ASKED BY ALLEN

WASHINGTON, April 10.—Assistant Attorney General Tamm today is giving personal attention to the request of Governor Allen of Kansas for prosecution of the Southern Cotton Growers Association under the Sherman anti-trust law. Allen charged the cotton trust with having conspired to reduce the price of cotton.

The other clause states that no part of the annual appropriation for administration of the Sherman law shall be expended for the prosecution of producers of farm products.

COTTON FUTURES. SAN FRANCISCO, April 10.—The following are quotations from the New York Cotton Exchange, furnished by E. F. Hutton & Co.:

45-CENT HENS RECORD PRICE; DEMAND IS GOOD

With the price of hens higher than at any other time since the Civil War, and with all kinds of poultry selling at figures greatly in excess of normal, the last several days, local wholesale poultry dealers report sales steadily above average.

There is a steady demand for poultry, according to dealers, especially for hens. The market is good, and the price of hens is high as it has been for some time.

Several reasons are assigned by dealers for the high price of hens, among them being the fact that the birds are scarce and that the demand is high.

Local Produce. Poultry prices advanced sharply today. The market is good, and the price of hens is high as it has been for some time.

STOCK BOND EXCHANGE CHERRIES GOOD; APRICOT CROP OUTLOOK POOR

SAN LEANDRO, April 10.—With the rhubarb market fast breaking, local farmers are beginning to look to prospects for the later crops of the season. Late rains have rotted buds on apricots in Eden township orchards and present indications are for a bad crop.

While the usual price at this season is over \$3 a crate, farmers who have early in the season made contracts for the fruit that has made San Leandro famous. These are now thickly covered with blossoms, which have not been injured by the brief rainstorms since the blossoms came out.

One of the best crops of currants in the history of the district is predicted by Tim Sullivan, prominent local rancher, who says that many of the farmers have secured \$3 a crate contracts already for their currants. These prices are far in advance of the usual price of this season.

Currents will be picked in the early part of June. While the usual price at this season is over \$3 a crate, farmers who have early in the season made contracts for the fruit that has made San Leandro famous.
